Message From the President

Well folks we're off and running into a new year. Our Club is financially sound and the membership is strong. Many activities have already started beginning with our banquet then valentine's bowling and one weekend at Spring Mountain Raceway.

Upcoming on March 16 is a trip to the Reagan Museum in Simi Valley and then we have a trip planned to Camp Pendleton on March 30. This will be our second trip to Pendleton to support the troops who are there for training. Both of these trips are very worthwhile and rewarding. All the details for these activities and more can be found on the website.

Remember, if you don't come out for the club activities you miss out on some really good times.

See you all soon.

RONALD REAGAN LIBRARY TOUR SUNDAY MARCH 16, 2008

The date for our outing to the Ronald Reagan Library and Museum is almost upon us.

In order to provide an accurate count to the caterer it is necessary for you to arrange to pay Lynn Miller at the March 4Th club meeting. A fee schedule is included in the attachment.

Our day will begin at Coco's on Imperial Hwy at the 57 FWY in Brea. We will depart Coco's at 8:00AM caravanning North on the 57 FWY. For our newer members, a caravan consists of all cars following the caravan leader in single file at a moderate speed to our destination.

HIS House Donation

On Sunday December 16th, Ron, Gary, Jill, Bill and I, delivered SPARKY to the children of HIS House. Sparky was the idea from our newest member Tammy Mielke. We delivered 22 pups thanks to her efforts.

Teri, director of **HIS** House, gave us all a brief tour and explanation/information guide. I personally felt this 1/2 hour visit was very beneficial for our members to see exactly where/how our donations of money, gifts, and misc items are used. **HIS** House is a very small entity, not a huge conglomerate. It's **local**, and most times can be visited with a call to Teri. This is the first time in quite a while the families had teens living there. The girls loved how soft Sparky was and one particular quiet male teen was very interested in peeking into Jill's car. She stayed behind the group and took this guy aside and gave him a personal tour of her beautiful blue vette. His look was that of "The Chosen One" for just 5 minutes of special time just for him ! In addition, I presented Teri a gift box with 40 Mervyns gift cards each at \$50. It brought tears to her eyes stating how generous our club is for her residents.

In speaking to Teri she told us about her husbands 65 Mustang, we told her time to switch to a corvette. Advised her to go visit Castner's down the street and speak to our newest members. Gave her our CSS business card and invited her to come to our February meeting.

A big thank you to Tammy, who at 8 1/2 months pregnant couldn't join us that day but her efforts made a big difference in the eyes of a few children.

Thanks to Bill, Gary P, Jill, Ron for 1/2 hour of your time. Please click on *links* from our CSS web site for more information about **HIS** House. If you want to know what they need: twin size sheets, paper goods, towels and toiletries are **always** needed.

Merry Christmas and Happy New Year,

SAVE the WAVE

BENEFIT FOR THE MARINES – EASTER SUPPORT

Friday night was heartwarming, inspiring and uplifting with lots of splashes of love and giving. When Joe was in the Navy and returned from overseas, his homecoming was horrible. We don't want our troops to experience that now. We are proud to stand by these young people - after all, they are making us sleep better at night. And if we are noisy in praising these kids, I will always remember a sign on the entry to a military base in North Carolina - **"Pardon Our Noise, It's the Sound of Freedom"!**

FUN WEEK AT PARUMPH!!

The real fun at Parumph started 5 days before Corvette Days. Cindy was finally able to take her 3 day driving school at Spring Mountain Motorsports. Her experience was further enhanced by the presence of Ron Fellows, who rumor has gave Cindy driving pointers (look out Joe, the cheerleader outfit may get used earlier than later). Joe had his fun to. Ron personally autographed Joe's helmet. Joe wanted the autograph on the back of the helmet so he could say he was always out in front of Ron Fellows (the things dreams are made of).

Corvette days did get off to a great start on Saturday with great weather and comradery. Attendees included both Norriss, Orricos, Camps, Baddleys, Millers, and Alcatore. As usual everybody had a great time and Mike broke down again. Of special interest was the opening of the new Corvette Building, the well organized banquet and the opportunity of the Baddleys and Norriss to view the track and surrounding area from above and buzz the pits at over 150 MPH in John Morris's private helicopter. Special thanks to John.

CHRISTMAS AT THE COOPER'S - It was COLD, WET, and full of FUN!

CSS Christmas party for 2007 was hosted by Jim & Elaine Cooper at their house in Huntington Beach , everything was set for a good time but the weather did not get the message ! In case you were unfortunate and unable to attend this event you missed a great time by all which included some real christmas spirit by getting CLOSE to your fellow club members. The Coopers put up a Christmas village (you know those small Department 56 buildings with small people and trains) in their living room which by their admission was " out of control" thanks to the Glovers ! The village took up a good portion of their living room which meant all in attendance were getting pretty close and cozy inside because outside it was pouring rain, even hail at times. The party flowed into the garage and under canopies and space heaters in the driveway but cramped conditions and terrible! weather did not seem to suppress all there from having a great time. After a warm up period the Karaoke machine came out and the fun really began. Did you know CSS has a back up group called the "CORVETTES" any questions ask Dawnette, Karen, Diane, Elaine, Kathy or Renita hope I didn't forget a doowop girl ! Any rate we discovered we had some singers and non singers within our club, maybe a whole other CSS event in the future ! The Coopers would like to especially thank Scott Glover for helping Jim for the better part of a week constructing the backdrop for the village. Also special thanks go to the Glovers, Millers, Debartolomeis, and Weist for helping unload and set up the village. Hope everyone had a good time and have a blessed new year!

Corvette Plant's New Manager Begins Journey

By Ameerah Cetawayo,
Bowling Green Daily News

The new general manager of the General Motors Bowling Green Assembly Plant finished his first week on the job. Paul Graham takes over the facility from Wil Cooksey, who will retire in March. Graham said the week has been demanding but enjoyable, mostly spent meeting with as many employees as possible in various departments.

Graham said Bowling Green's plant is unique in that it boasts a strong link to customers, mostly due to the National Corvette Museum that's just across the street. "Not every plant has the customer enthusiasm that we have here," Graham said. He said 2008 will be about building upon what Cooksey has instilled at the plant: keeping the plant competitive in its segment and continuing to give customers value. "A lot of what I want to do is understand the plant and understand his perspective," Graham said. "I'm trying to learn as much from him as possible."

C5/C6 Registry Bash Event Update

Approximately 450 people are pre-registered for the C5/C6 Bash event scheduled for April 24-26! Seating for our celebration with retiring Corvette Assembly Plant Manager, Wil Cooksey and new plant Manager, Paul Graham is filling quickly. Only 200 seats are available for this special evening planned to give farewells to Wil and to meet-n-greet Paul Graham.

It all takes place at the Sloan Convention Center and will be a memorable evening -

guaranteed. The Bash is also the perfect event to get facts and photos on the new ZR1 as part of the 2009 model year “walk-around” with the GM team! Drag racing, road tour excursions, seminars, poker run and much more are part of this year’s festivities, which also include a ceremony marking the ground breaking of our new expansion! We will have a special reserved section at the ground breaking ceremony for those wearing our commemorative hard hats. Only a limited number will be made available, so reserve your hard hat and join us! View the online agenda and register at:

VIR High Performance Driving Event Registration Opens Soon

Roc Linkov

NCM Events Manager

BTW this registration of the 125 members blew away all previous records, **25 minutes!** Thank you to all of you who have supported our HPDE program and helped us grow it and also show how valuable it is.

We are still working to add at least 2 more events to this year's calendar so watch eNews for announcements. The next HPDE will be scheduled for Road America with 140 openings. There was a HPDE at Spring Mountain last year; if we're lucky, there'll be another this year too!
