Charities, By Marietta Darke: For many years, CSS has been a major sponsor for our two main Charities; **H.I.S. House Transitional Shelter and CHiP's for Kids.**

HIS House is a 4-6 month program for homeless men, women, and children to prepare for and secure employment, education and permanent housing.

CHiP's for Kids began with an individual **CHP** officer that spread like wildfire within their own departments. To reach out in the community to help abused, orphaned, and seriously neglected children. Corvette Super Sports was introduced to **Hillview Acres Children's Home** through our involvement with the **CHP**. Hillview brings

Corvette Super Sports believes that it is our duty to participate in other Corvette Club's activities to support their charities.

hope through a safe therapeutic environment, to help children regain trust, a place to heal and away from serious emotional disturbances.

Through our volunteer and club events such as car shows, visits, work/clean up day, donations, garage sales, Corvette Super Sports donated not only many hours throughout the year but also monetary donations. HIS House and CHiPs, combined, have been recipients of \$5000 each year. We hope that this will continue with our SUPERSPORTS member's efforts.

Appreciate your support.

The February Board meeting was held at Mimi's Café In Anaheim

Bye-Bye February.....

Madam Pres

Hi Everybody!!!

February certainly is a fast month, isn't it? Here and gone! As I sit here tonight and read that it's going to be 39 degrees tonight, which I believe, are we sure winter isn't on it's way? Ground Hog day was February 2nd, but I never found out if the little guy saw his shadow or not.

Well, I must admit that I am writing this in total disbelief. Shocked, surprised, proud and as a peacock, but still in disbelief. For 14 months now, Geoff, our notorious Newsletter Editor, has been scheming the day when he got to write my By-Line. I decided to grant him that wish this month, only to find out that he was at a loss for words or typing or time and asked that I write it once again. So honored I am, to write February. I never thought I'd see the day, Geoff. But then, you put such an outstanding effort into our Newsletter, I wouldn't want that talent to go to waste on my By-Line, so I send my thanks to you!

February once again held our CSS Sweetheart Bowling. Joe and I decided to take it easy on our body parts and be spectators. Our poor John M. decided to give it a try and his muscles are teaching him a lesson! Thanks to Linda, Vicki and Donna, we had another pot luck, which no one ever leaves hungry from. Or a pound lighter.

It seems to me that 2011 is starting off a little slow this year, or else it's just me. All the clubs aren't in full swing yet with the scheduling and planning of their events, so we are lying back waiting for new emails to come in announcing dates for fun. They are coming in slowly, but for us enthusiasts, not fast enough.....

Special Congratulations to Bert and Dianne Wiest for celebrating their 41st wedding anniversary! Hmmm.. does anyone know what the Traditional Gift for the 41st Wedding Anniversary is? Well, there isn't one for a "Traditional" gift, but there is for "Modern" – Gee, Bert, did you get Dianne the "Modern 41st Year Anniversary Gift"? If so, Dianne is the lucky woman to have gotten "**Land**" for their Anniversary! Forgive me..... but does that have any relation to the saying "Older than dirt"? Next year, year 42 is Real Estate. Is there a pattern here? But at 43, you get to Travel. Finally, a trip!

March is 2 days away – going to be challenging for me:

- a. We get an extra hour on March 12th for Day Light Savings
- b. I will be getting my HAM Radio License if Joe can make me understand what radio waves look like. (Good grief, help me!)
- c. I'm having green wine on Thursday, March 17th with all the other Non-Irish people.
- d. I get to burn rubber off the tires at the Vapor Trails Autocross on March 26th!!!

Look '**forward**' everyone, because we all know, we can't go back. If you figure out how we could go back? Let me know!!!

As always, I give extra **thanks** and extra special thoughts, prayers to our Service Men and Women! God Bless America – Now and Always!

Keep on Saving the Wave!!!

Respectfully,
Cindy Orrico
President – 2011

Club Events for February

Valentine Bowl

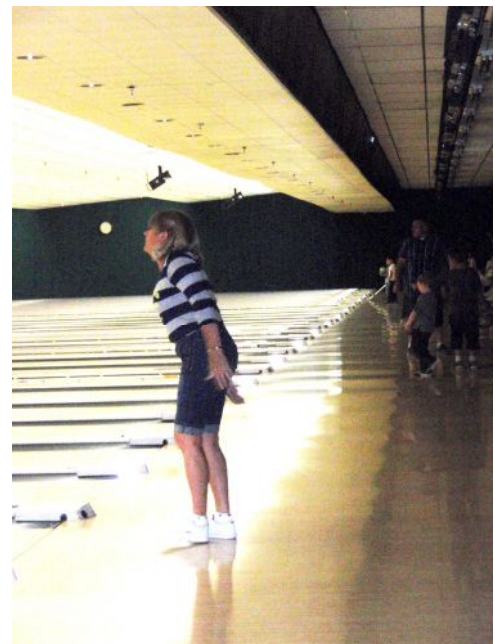

On February 5th we once again headed off to the “Stretch Your Body the Wrong Way” outing. It is a tricky thing that your mind does. It always hides the bad experiences and lets you remember only the good things. I think that many of us forgot just how bad our muscles feel after bowling for a few hours only once every 6 months. Cindy was smart this year by giving it a rest. The rest of us are like John – still aching. Bowling is supposed to get easier and with practice you are supposed to get better. **WRONG.** With practice I get tired and then deliver the ball into my right knee.

All in all though, it was a great event because we have so much fun together. It is seriously funny to hear the excuses everyone has for why all the pins did not go down. Bob Kump was heard saying that it was his new shoes, Gary Plehn said it was the shoes he was given at the desk, I know it is my “Pat Boone” white bucks that no longer fit me that affected where the ball went.

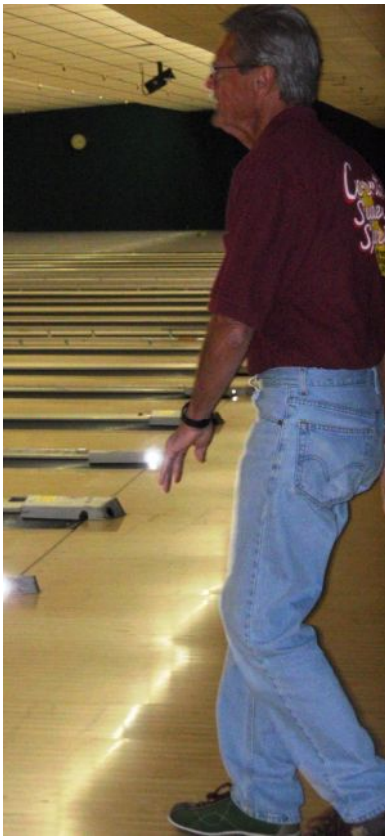

The other thing that I think needs to be made into a movie is the approach to the foul line – that is the entire delivery sequence. Donna has this great little bouncy dance she does to entice the ball to go where it went in her mind. I think the ball gets distracted. Then there are the people that think that bowling is like basketball and dribble the ball to the line. Others slide to the line – some on the shoes but others on the seat of their pants.

Everyone stares intently at the pins prior to delivery. I used to think that they were going over where to throw the ball. Now I am thinking that they are squinting to actually see what is in the blur at the other end of the alley. That is what I am doing. If I could just put the ball in the same place every time, that would be a start anyway.

The entire delivery process reminds me of a game I used to play at the roller rink as a kid growing up. In fact the entire bowling experience has a lot of similarities to those days at the roller rink including the “Hokey Pokey” that we all did. Think about the Hokey Pokey as you view the pictures below and tell me that it isn’t so. Put your right foot in put your right foot out put your right foot in and you shake it all about, do the Hokey Pokey and turn yourself about and that’s what its all about. Seriously, we need to video the next time we go and play the tune in the background.

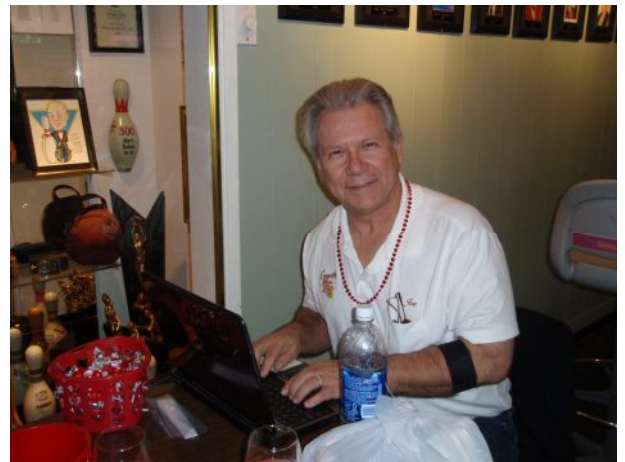

You cant tell me that this isn't the Hokey Pokey

The rest of the day was spent doing something that they never had at the roller rink – BEER, great food and pretty girls.

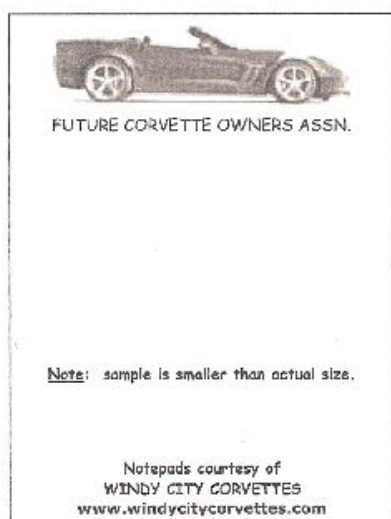

And of course a party is not a party without food!

Although we have spoken many times about the Future Corvette Owners Association (FCOA) and stated several times that we have the most FCOA members in the West Coast Region, we thought that it might make sense to show everyone what comes in the packet for your little one time donation and a copy of the application. Joe was kind enough to get this for us.

SAMPLE LETTER IN WELCOME PACKET

NCCC's Youth Organization

November 15, 2010

Hi Johnny!

CONGRATULATIONS! Isn't it great that your Grandpa Smith signed you up as a member of Future Corvette Owners Assn.! He thinks you're pretty terrific and wanted to send you this surprise gift. FCOA is a growing part of National Council of Corvette Clubs that is just for kids.

This is your first step in what can become a lifetime of fun and friends who will share the Corvette hobby with you. You will stay a member of FCOA until your 16th birthday at which time you can join NCCC as a Youth Member. You'll usually receive mail from FCOA each year so I always need your correct mailing address.

I assigned you FCOA membership number 4605. Enclosed are your FCOA patch and permanent membership card. They are similar to the NCCC ones that your grandpa has. This is your FCOA welcome packet ~ I hope you like it!

If your parents have any ideas or questions, they can e-mail me at FCOAkids@aol.com or write to me at:

NCCC -- FCOA, c/o Pat Kelly, S68 W17323 Rossmar Ct., Muskego WI 53150

Don't forget to "Save the Wave" by waving at other Corvettes when you're riding in your grandpa's 1981 Vette. Every year Vette has something special about it and an important place in Corvette history. The 1981 Corvette was the first model year to be built at the same time in two locations. The first Corvette to be completed at the new Bowling Green plant came off the assembly line on June 1, 1981. The last Corvette to be built at the St. Louis plant was completed on August 1, 1981. Chevrolet's "computer command control" used on 1980 Corvettes sold in California became standard equipment on all 1981 Vettes. The system automatically adjusted ignition timing and air-fuel mixture. A power seat became available in Corvettes for the first time in 1981 but on the driver's side only. The 1981 Corvette was the last model to have a manual transmission available until well into the 1984 production year. I hope you will learn a lot about Corvettes by being a member of FCOA.
