The Monthly Newsletter of Corvette Super Sports

Volume 52 number 1

January 2011

Corvette Super Sports is a car club made up of Corvette owners with a passion for a fine driving machine, with the goal to participate in and support auto-related activities, such as: car shows, auto-crossing, rallies, drag racing, caravans, cruises, parades, etc. We support (N.C.C.C.) National Council of Corvette Clubs, National Corvette Museum, several social, civic, and charitable organizations. CSS is incorporated as a non-profit organization in the County of Orange, California.

We welcome guests to our meetings on first Tuesday of each month at 7:00PM at "SIZZLER" Steak, Seafood & Salad Bar 1401 N. Harbor Blvd, Fullerton, CA 92835 (Harbor Blvd. at Brea Blvd.)

Charities, By Marietta Darke: For many years, CSS has been a major sponsor for our two main Charities; **H.I.S. House Transitional Shelter and CHiP's for Kids.**

HIS House is a 4-6 month program for homeless men, women, and children to prepare for and secure employment, education and permanent housing.

CHiP's for Kids began with an individual **CHP** officer that spread like wildfire within their own departments. To reach out in the community to help abused, orphaned, and seriously neglected children. Corvette Super Sports was introduced to **Hillview Acres Children's Home** through our involvement with the **CHP**. Hillview brings

Corvette Super Sports believes that it is our duty to participate in other Corvette Club's activities to support their charities.

hope through a safe therapeutic environment, to help children regain trust, a place to heal and away from serious emotional disturbances.

Through our volunteer and club events such as car shows, visits, work/clean up day, donations, garage sales, Corvette Super Sports donated not only many hours throughout the year but also monetary donations. HIS House and CHiPs, combined, have been recipients of \$5000 each year. We hope that this will continue with our SUPERSPORTS member's efforts.

Appreciate your support.

Charity Donations

Corvette Super Sports was blessed during 2010 to have provided venues that attracted many participants. From our activities, we were able to donate \$10,000 to our charities.

- HIS House \$3,500
- CHIPS \$2,000
- Hillview Acres \$2,000
- Council for Aging \$1,000
- Navy Relief Fund \$1,250
- Ronald McDonald House \$250

Orange County Ronald McDonald House

Our House is a "home away from home" for families of infants and children who are receiving medical treatment for serious and other serious illnesses at all the area medical facilities. It is open to families of those children who are hospitalized and to those with children who are receiving treatment at outpatients. Over 1700 families have stayed at our House since our opening in November, 1980.

The House also has a full kitchen and 22 bedrooms with private bathrooms, a living room, family room, secretary, kitchen, dining room,

playroom, library and a playground with our friend, Ronald McDonald, sitting on a bench made to make you smile.

Families are referred to our House by hospital social workers. The cost per day is minimal and waived if the family is unable to pay. Our House is supported by the generous gifts of services provided by the community we serve. "The Pop Tab Program" is one of our ongoing fund-raising programs that help support our mission of being a "home away from home" for the thousands of children receiving medical treatment at area

medical facilities. Approximately 12 pounds of pop tabs will cover a family's \$5 room fee for a one-night stay.

Everyone can get involved:

- Schools
- Churches
- Companies
- Civic Organizations
- Families in your neighborhood

Remember...it's all about

Pop Tab Houses

We have four colorful, weather-resistant Pop Tabs. The small tab house is just what you need when you want to make when full. The large canister can hold about 20-30 pounds of tabs when full. Both models are fun and easy to use. Call 714-993-5774 if you want to see if you qualify.

The January Board meeting was held at Geoff and Ginger's House

It's 2011 - Are We Having Fun Yet?

Madam Pres

Hello To All and Happy New Year!

I pray this finds all of you with a happy and spirited outlook for the 2011 year. (In other words, "Full of P & V") Yes, 2010 came and went and now we face new challenges, goals, hopes and dreams, ones that we can plan on concurring! May the force of stubbornness be with us!

As of yet, I have not heard of any "New Years Resolutions" broken, let alone made. Are we in the age of "Oh forget the Resolutions"? Hmmmm... could be. Is it that we have learned from our past years? I just so happen to be in that group too! And how many of you stayed up till midnight? I did! It was midnight in New York. Ok, we stayed up till midnight in Illinois.....

This year is going to be a busy one for Joe and I. We plan on crossing some items off "The List" and also adding some to it. I'll get to cross off being Pres of CSS for 2 years, then on to my new goals of running for VP and Board Member – the

only 2 positions that I have not had the privilege of holding yet. I'm making a personal collection of each positions pins for my wall. The "Corvette" calendar section isn't too full right now, everyone is still stretching and yawning from last year, but the organizing of plans are on the rise, so get your pens, on your mark, get ready, start filling in the calendar for fun!

Speaking of rushing we will be leaving in the early am for a little mini road trip; work with fun mixed in, so I'm rushing to get this By-Line written so Geoff doesn't get to. That's still lurking on his mind to write this. Sorry Geoff. I know that's one of your goals this year. Try next year!

As I was driving home today in the Z06, I got to thinking... yes, scary as it is. Do you remember the very first time you saw the Corvette that made you fall in love with them to this day? I do. Did you ever think of the person that was driving that car? I didn't. But as I was at a stop light, a young boy walked across the crosswalk, staring, gawking, seemed to be drooling to me. I now wonder, is he going to love Corvettes the rest of his life? The person driving their C1 in the parking lot of Safeway Grocery Store in Seattle, WA, will never know what they did for me on that day. It was Corvette Love Struck. Whoever that person was, I thank them. And I hope that someone has seen me, in my car and will experience the same love that I have.

Our yearly tradition, as many other clubs, is to have our Annual Banquet in January. This year we were under the influence of Bert Wiest and his feisty wife, our own VP, Dianne. We had a great turnout at the Knott's Berry Farm Resort & Hotel. There was some great food, entertainment and the absolute best people and great conversation! No Snoopy, no panning for gold, but we did get some famous Knott's Fried Chicken along with thick prime rib. Thanks to

Bert & Dianne for doing such an awesome job!
We are a tough crowd to please!

God Bless America – Now and Always!

Keep on Saving the Wave!!!

Congratulations to CSS for achieving 1st Place in NCCC Points! Impressive that NCCC has 5 places for trophies for men and women. Out of 5 men, CSS had 4 winners. Out of 5 women, CSS had 4 winners. Both 1st Places were taken by CSS Members! Great team work and chasing points!

Respectfully,
Cindy Orrico
President – 2011

As always, I give thanks and extra special thoughts, prayers to our Service Men and Women!

Social Corner

The goal of the social chairman is to post the events for the entire year so that our membership can plan accordingly.

Social events are defined as a caravan to a place of interest where we can participate in an adventure and have time to talk with other members about recent Car Show and Rallies that we have participated in.

The Club event is defined as our club participating in another Corvette Club's activities to support their charities. The following is our annual schedule will be completed after the February General Meeting:

Club Events for January

Banquet

The Annual Banquet was organized by Bert Wiest and the amount of time and effort that he put into finding the venue, and organizing the gala, it was apparent that Dianne's loving hands were an integral part of its success. The venue was beautiful, with the lights of the city surrounding us. The buffet was filled with scrumptious delights, the door prizes were amazing, and the program was perfect. Bert thought of everything, well almost. As you will see below, Bert did forget to schedule the dance company, the CSS Corvette Revue but all was not lost. The CSS Corvette Revue made a cameo appearance to the delight of the audience.

One of the club's honored guests was CHP Officer Donelle Holmes, the man that originated the CHiPS for kids program. He brought along a young lady named Sandra Ortiz to bring to life the CHiPS for kids program through its work in her life. These real life stories help us to understand the real benefits of our charitable giving program in the club. Later in the program, Terri, the director of HIS House in Placentia, another recipient of our charitable contributions, spoke about how HIS House works and how important CSS is to her program.

I would like you to meet Sandra, through the eyes of one of our own club members, Jackie Brinlee:

I had the pleasure of sitting next to a lovely young lady, Sandra Otiz, at the Awards Banquet. At first glance, I thought she looked awfully young to already have a Corvette, and wondered how she had accomplished that at such a young age! When Donelle introduced her as a recipient of the CHiPS for Kids program, I was excited to

hear her story. I was so impressed with her composure and poise in front of a room of strangers. I doubt that I could carry that off with as much polish as she did.

I was ignorant of the fact that this program helped children of all ages including college students such as Sandra. She told us a wonderful story of how she had applied for a Study Abroad program through the University of Redlands in order to go to Peru. She was accepted to the program, but did not have the funds to pay for her airfare. She remembered that CHiPS for Kids had helped out with a relative of hers in the past, and let them know her situation. Thankfully, through their generosity, Sandra was able to realize her dream of going to Peru, and studying abroad.

Sandra showed me some pictures on her camera of her trip. She shared that the children in the classroom that she worked in loved having their picture taken and flocked around her whenever she took out her camera. She was there for about 4 weeks, and was totally immersed in the culture. Her group of 16 was split up and went to various villages to work with children, and stayed with host families. Since she is bilingual, she was able to easily communicate with the Peruvians, but the experience gave others in her group the opportunity to practice their Spanish! One of the highlights of her trip was an excursion along the Inca trail to view Machu Picchu. Her pictures of one of New Seven Wonders of the World looked like a postcard. I was so glad to have the opportunity to meet this inspiring girl and see first hand how our support of charities impacts lives.

Thank you Jackie for sitting with Sandra and making her feel at home with us.

Now for some of the high lights of the event:

The program also included awards. Joe took the opportunity to announce the West Coast NCCC Regional Point standings and Corvette Super Sports is the Regional Champion Club for the second year in a row. In addition the ladies in our club received top honors as well. Jennifer Spencer received First Place, Cindy Orrico received Second Place, Jackie Brinlee received Third Place and Ginger Girvin received Fourth Place. First, Second Third and Fourth place in the region all in CSS – Not bad. In the Men's Division Ed Norris was in First, Dave Alciatore was Second, Geoff Girvin was Third, Joe Orrico was Fourth. Again, a full sweep in the Men's division, First, Second, third and Fourth all from CSS. As Joe said, this comes from the participation that we as a club do around the region. This is why we usually receive the coveted "Club Participation" award at the events we go to. Pictures of the trophies can be seen in the next story.

The program continued with awards being presented by yours truly for the outstanding job that all of us did in becoming better citizens through Home Land Security Practice. Elaine Cooper received First Place for her marksmanship at the Trap Range, Cindy Orrico received Second Place for her brilliant shooting and Jennifer Spencer received Third Place for her shooting skills too. This is a remarkable achievement because all the women that participated in this year long competition, had never held a shot gun before, much less shot at tiny clay pigeons flying in all different directions. First Place in the Men's division was Art Huhta, Second, was Tracy Sanderson and Third was Dave MacDonough. A special award was given to Dawnette Norris. The Honorable Mention Award was presented to Dawnette for her valiant attempt at the range. She shot at many clay pigeons multiple times, but every one of them eluded her. For just coming out and not getting discouraged, she received a 12 shot, semi automatic, rubber band rifle so that she can practice for her next event. Dawnette promised to bring it along to the next "Trap" event she attends. Below is a picture of Jennifer receiving her award.

Art was not at the banquet and received his award at the CSS Board meeting a few days later.

The picture below is Cindy's second place Trophy and all the trophies can be seen above on the table before they were presented.

Finally the time had come to bring on the CSS Corvette Revue. I have to say though that this is not exactly what Bert had in mind when he said please do a presentation of the "Year in Review". I made it clear to the audience that Bert's request was somewhat ambiguous in that there are 3 definitions of what sounded like "Review" or "Revue" in the dictionary. Therefore, to cover all the bases and to make sure that Bert's program was a success, I

defined all 3 results found in the dictionary. First there is a definition that describes review as being a look back at events. I explained to the attendees that the slide show that had been going on all night was in fact that look back. The second definition speaks to an examination or a test of one's knowledge. So I explained that there would be a test at the end of the presentation and handed out ballots and pencils. The test was made up of 10 easy questions that could be answered easily if one had been paying any attention to the slide show. The reward for the first 10 correct ballots was a DVD copy of the Year in Review just like what was playing on the screen. But the third definition said that it was a theatrical presentation with dancing and singing (REVUE). With that I introduced Jim Cooper who would be singing his rendition of the old favorite country song by George Jones called "The One I Loved Back Then" or more commonly called the "Corvette" song and then introduced the CSS Corvette Revue Dancers to dance to the tune. After some prop changes, the music began, the dancers danced and the props moved.

Without a real stage prop changes were interesting. The song goes something like this: A guy pulls into a gas station and the old guy says he used to have one just like her. She was hotter than a \$2 pistol. The driver thinks he is talking about the car but the old guy eventually says it's the brunette in the car that turns him on.

Thanks to Jim for singing, Ginger and Sue for dancing and Joe for being the brunette in disguise.

After dinner and all the festivities, we danced the night away.

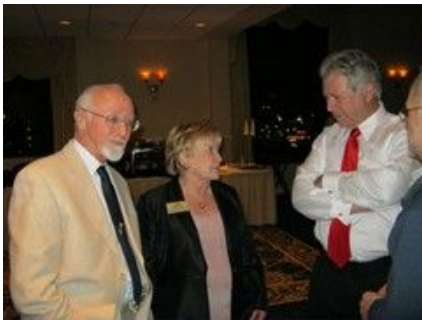

And what party would not be complete without Bert singing Mack the Knife

The others in attendance were:

At the end of the banquet, the Most Valuable Member Award was presented by its recipient from last year. Jim Cooper presented the award to Marietta Darke

The next morning the story continues:

During the presentations the night before, when Donelle came forward to speak, Bert had some special music to be played as he walked up. Donelle promised that we would all have to go through a sobriety check point as we left, (in jest). However, the next morning 3 of our members thought that maybe he had lived up to his word and had their cars towed away on flat bed trucks.

Not to worry. Unfortunately, some vandals found Bud and Ed Norris's car and Bob Kump's car and slashed the left rear tires on each car so they had to be towed home. The security guards were very friendly but the Hotel manager seemed to not care at all. And the Buena Park police officers could not tell Bud and Ed apart.

2011 Homeland Security

As in 2010, we continued our HomeLand Security Training. This year we went to the Whittier Narrows Park to start the new year because the Prado Shooting Park had been under 16 feet of water, flooding the entire range and the adjacent golf course due to the rains in December. The first turn out was a little lighter than usual, but George McMullen, a new member came out to practice with us, and Mike Baddley returned to the range too. Kathy came along as the chief cheer leader and we finished off the morning with a bite to eat right there at the range.

The range is very near the 60 freeway and the San Gabriel mountain range is clearly visible in the background.

To get warmed UP, Jim and Elaine showed us some new dance steps to the Macarena that they had learned too.

And of course we kept score and the scores are on the web site.

Jim then found a vehicle he really liked

Regional Meeting

On the same day as the HomeLand Security training the Regional NCCC meeting was held in Redlands and most of the members who were awarded

trophies for their winnings in 2010 went to Redlands to pick up their trophies. Joe and Cindy got special awards for all they do as volunteers in the Regional Officers positions. Joe is the Regional Competition Director and Cindy is the Regional Secretary.

Cindy receiving her award

Ed receiving his First Place Trophy

Dave receiving his Second Place Trophy

Jennifer receiving her First Place Trophy

Ginger receiving her Fourth Place Trophy and Geoff's Third Place Trophy.

Cindy receiving her Second Place Trophy

Finally, TC McNett received a special award for Driver of the year for successfully maneuvering Cindy's ZR1 off road at the Big Bear Bash, down into a flood channel lined with rocks and weeds and bringing the car out without a scratch.

Although we have spoken many times about the Future Corvette Owners Association (FCOA) and stated several times that we have the most FCOA members in the West Coast Region, we thought that it might make sense to show everyone what comes in the packet for your little one time donation and a copy of the application. Joe was kind enough to get this for us.

SAMPLE LETTER IN WELCOME PACKET

NCCC's Youth Organization
sponsored by Mid America Motorworks
November 15, 2010

Hi Johnny!

CONGRATULATIONS! Isn't it great that your Grandpa Smith signed you up as a member of Future Corvette Owners Assn.! He thinks you're pretty terrific and wanted to send you this surprise gift. FCOA is a growing part of National Council of Corvette Clubs that is just for kids.

This is your first step in what can become a lifetime of fun and friends who will share the Corvette hobby with you. You will stay a member of FCOA until your 16th birthday at which time you can join NCCC as a Youth Member. You'll usually receive mail from FCOA each year so I always need your correct mailing address.

I assigned you FCOA membership number 4605. Enclosed are your FCOA patch and permanent membership card. They are similar to the NCCC ones that your grandpa has. This is your FCOA welcome packet ~ I hope you like it!

If your parents have any ideas or questions, they can e-mail me at FCOAkids@aol.com or write to me at:

NCCC -- FCOA, c/o Pat Kelly, S68 W17323 Rossmar Ct., Muskego WI 53150

Don't forget to "Save the Wave" by waving at other Corvettes when you're riding in your grandpa's 1981 Vette. Every year Vette has something special about it and an important place in Corvette history. The 1981 Corvette was the first model year to be built at the same time in two locations. The first Corvette to be completed at the new Bowling Green plant came off the assembly line on June 1, 1981. The last Corvette to be built at the St. Louis plant was completed on August 1, 1981. Chevrolet's "computer command control" used on 1980 Corvettes sold in California became standard equipment on all 1981 Vettes. The system automatically adjusted ignition timing and air-fuel mixture. A power seat became available in Corvettes for the first time in 1981 but on the driver's side only. The 1981 Corvette was the last model to have a manual transmission available until well into the 1984 production year. I hope you will learn a lot about Corvettes by being a member of FCOA.
