Corvette Corral at Muckenthaler on May 15, 2016

President Tony

HARLEY J. EARL, STYLE MASTER, AND THE 1953 CORVETTE

Earl was the initial designated Head of Design at General Motors, later becoming Vice President. He was the first top executive ever appointed Head of Design of a major corporation in American history. Earl pioneered the use of freeform sketching and hand sculpted clay models along with introducing the "Concept Car" as both a tool for design and a clever marketing device. He is mostly remembered for the wraparound windshield, the hardtop sedan, factory two-tone paint and tail fins.

Influenced by the English and European sports cars that were being raced on road racing circuits after World War II, Earl decided that General Motors needed to make a sports car. Design work on "Project Opel" began as a secret project. He first offered the project to Chevrolet General Manager, Ed Cole. Cole accepted the project without hesitation. The car was offered to the public in 1953 as the Chevrolet Corvette!!

THE MUCKENTHALER SHOW

As a committee member for the Muckenthaler Car Show in Fullerton, I decided the Corvette would be a welcome addition to the annual show. This year's Corvette Corral was the 2nd annual event. We had 20 Corvettes and 36 club members attend! The "Muck" group and the public's response was great. I want to thank all who attended and am looking forward to next year.

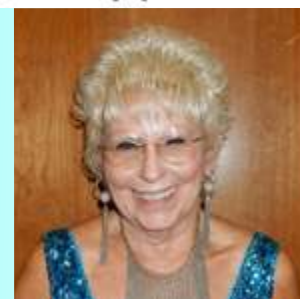

Tony
"Save the Wave"!!

TRIVIA QUESTION: The front emblem and horn button on the "Autorama" 1953 Corvette Show Car featured the checkered flag and what other symbol?

(Answer to April's Trivia Question): What was the only year that Corvette used a Chevy Vega, 4 Spoke design steering wheel? 1976

The VP's Column

The VP's Word By Donna Stewart

I would like to thank Tony for organizing a fun event and car show at the Muckenthaler Cultural Center. We enjoyed spending time with our club members and getting to know them better. It was a great day with a lot of the public enjoying and voting for the cars they liked the best. My thanks and congratulations to all participants and special trophy winners.

Other car show and events were attended by our club members, including Temecula Valley car show; Plastic Fantastic car show; Racing at Santa Maria; Pomona Valley car show; and Club night at the Angels' game. So you can see we had a very busy month. Once again, my congratulations to all trophy winners.

I want to encourage all members to enjoy all the events in the near future, especially the Bash before the Bash, hosted by Shirley and Garry Jones at Big Bear Lake. They always have a fun and wonderful pot luck party on June 24th to help kick off the weekend. I know you will all enjoy it!

We have been very busy trying to plan for our upcoming car show, September 25th. We will be asking you all to step up! Volunteer to help with many of the jobs needed to be done to ensure a successful event. We need all your help. Please be ready, willing and able!

My message is a little short this month. I've been very busy with family graduations and a new granddaughter (Victoria) entering our lives on Tuesday, May 17th. Everyone is doing well and counting and enjoying our blessings.

I hope you all enjoy and have a great Memorial Day weekend and remember all of those we are honoring.

Thank You,
Donna Stewart

Early Corvette Days

By Richard Cheek

Hot Rod magazine helped Corvette win its first national title 60 years ago. The July 2016 issue has a very interesting article about Corvette's early days. The following is a very short summary of that article.

Fewer than 4,000 sales were generated for the 1953 and 1954 model years combined, with dealers stuck with more than 1,000 unsold cars. Chevrolet's solution was to limit the 1955 production to just 700 cars, despite it being the first model with a V8. Rumors surfaced that GM was planning to kill the car, so Zora Arkus-Duntov decided to save his "baby" by entering sports car racing in 1956. *Hot Rod* magazine's technical editor, Racer Brown, had bought one of those rare 1955 roadsters. In early 1956 he drove it to Pebble Beach and witnessed a factory Corvette from Michigan get beaten by a Mercedes. So the *Hot Rod* folks met with Zora and others and the decision was made for the magazine guys to race a new factory car on the West coast rather than ship a car back and forth across the country. The *Hot Rod* team then won nearly every race they entered. The accumulated points earned Corvette's first championship in 1956 C-Production. It was driven by Dr. Dick Thompson (aka "The Flying Dentist") with the engine work handled by Racer Brown, and brakes, suspension, etc. handled by Bob D'Olivo, Petersen Publishing's master photographer for 44 years. He's now 87.

If you want more information and would like to see some real cool photos, check out the July issue. I particularly liked the one showing the Corvette surrounded by a trio of Mercedes gull-wing coupes.

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

Sponsor's Corner:

Connell Chevrolet helps sponsor our Corvette Club. They have been family owned and operated by the Doddridge family since 1989 when Paul Doddridge purchased the franchise from John Connell. Paul is still active with the dealership, but he also spends a lot of his time at his ranch in Montana. His son Wayne Doddridge is the active General Manager.

Connell Chevrolet was first opened in the late 1950's and was located in Newport Beach on Pacific Coast Highway. Then in 1963, they relocated to Harbor Boulevard in Costa Mesa.

Connell has one of the largest new, certified, and pre-owned inventories in Southern California. If you're looking for a specific Tahoe, Silverado pickup, Corvette, or a late-model used car or truck, chances are, Connell Chevrolet has it.

And over the years, Connell's Service Department has built a reputation fixing your GM vehicle right the first time and in a timely manner. They currently have more Chevrolet Master Technicians than most other Chevrolet dealers in the entire USA.

When you go to Connell for service ask for Todd Mack. Todd has been a Service Consultant at Connell for over 20 years and is a recommended advisor in the Corvette forum. For you "do-it-yourselfers," Connell Chevrolet has an expansive Parts Department. They are one of the largest wholesale dealers in the area. And if they don't have your specific automotive part on hand, they can probably secure it within a few days.

Lastly, let's talk about the Connell employee family. To many, their employment at Connell is not a job... It's a career. Many employees including the sales, service and office personnel have worked at Connell for twenty years and more. Even the outside vendors who help to support Connell Chevrolet, have been within the Doddridge family for many years.

Look for Wayne Doddridge next time you're at the dealership and introduce yourself. He is a family man with 6 children and supports the local community. He and Connell Chevrolet help sponsor Orange Lutheran High School, Crean Lutheran High, Costa Mesa High, Fountain Valley High, Estancia High, the Orange County 4H clubs, Newport Harbor Corvettes, Corvette Super Sports, Better Business Bureau, Auto Club, Costco, Los Angeles County Police and Fire Departments, the Orange County Fire Department, Costa Mesa Police, Newport Beach Police, Huntington Beach Police and Irvine Police.
