Corvette – Great Cars

The 1997-2004 C5 Corvette was the first modern car to challenge European cars on the world stage.

It was the 2nd Corvette to take a class victory at LeMans.

The fifth generation Corvette almost didn't make it. GM management had made a decision to stop production in the 90's. Russ McLean, Project Manager for Corvette, ignored the decision and continued development of the Corvette. After some tough talking with Corporate, they liked the idea of the new C-5.

It became one of the greatest performance bargains on the market. In 1997, the first year of the C-5, engine horsepower was 345. As the years progressed, horsepower went to 385 HP and up to 405 HP in 2002.

The engines in the C-5 were all aluminum and were much different from previous small blocks.

The best choice in the C-5 is the 2004 Z06 with the Z16 package. This generation of Corvettes represent the best car for the money in the performance category. Early coupes and convertibles can be had for \$10,000 or less. The 405 HP Z06 sits at the top of the price market.

Part of this story was reprinted from Road & Track Magazine.

The Car Show was a big success. Thanks to the Club's turn out early Saturday morning. Everything came together like a Jigsaw puzzle and ran well all day due to the Club members who worked hard to help everyone have a good experience. There were 99 registered cars with 7 other "on display only" cars. The Club Corvettes looked great in the background which made a perfect picture. Feedback from those in attendance was very positive: Great Trophies, Gift Card Raffle was Excellent and the games were enjoyed by all. The team at Hooters were great, with a turnaround time for eating at less than one hour.

Thanks to Wayne and all those who attended the many Car Show Planning meetings which helped put together a super Car Show.

The VP's Column

The VP's Word By Rick Miller

Greetings all,

October's nearly over and Halloween is, at this writing, just a couple days away. For some it's an opportunity to don a full costume while others just change masks. Whether you were a trick or treating party go'er, visited a haunted house or just passed out candy to the ghouls and goblins, I hope you had a fun Halloween.

November is just around the corner as is Veterans Day and Thanksgiving. It goes without saying that Thanksgiving is a time to celebrate family, remembering loved ones who have passed and to express our thanks for all we have. Veterans Day is also a day of remembrance for those who have given us the freedoms we enjoy. I hope all will honor those who have served, past and present by proudly standing before the flag when presented with the opportunity.

I came across an article about a Veterans Memorial in Az., I hope one day to see in person. It honors all who have served. I thought it was pretty cool and appropriate to share. A copy of the article follows.

Happy November!

AZ Memorial

Once a Year at 11:11 am the Sun Shines Perfectly on this Memorial

At precisely 11:11 a.m. each Veterans Day (Nov. 11), the sun's rays pass through the ellipses of the five Armed Services pillars to form a perfect solar spotlight over a mosaic of The Great Seal of the United States.

The [Anthem Veterans Memorial](#), located in Anthem, Arizona, is a monument dedicated to honoring the service and sacrifice of the United States armed forces. The pillar provides a place of honor and reflection for veterans, their family and friends, and those who want to show their respects to those service men and women who have and continue to courageously serve the United States.

The memorial was designed by Anthem resident Renee Palmer-Jones. The five marble pillars represent the five branches of the United States military. They are staggered in size (from 17 ft to 6 ft) and ordered in accordance with the Department of Defense prescribed precedence, ranging from the United States Army, the United States Marine Corps, the United States Navy, the United States Air Force and the United States Coast Guard.

Additionally, the brick pavers within the Circle of Honor are inscribed with the names of over 750 U.S. servicemen and women, symbolizing the 'support' for the Armed Forces. The pavers are red, the pillars are white, and the sky is blue to represent America's flag. The circle represents an unbreakable border. Anthem resident and chief engineer, Jim Martin was responsible for aligning the memorial accurately with the sun.

Santa Maria 2017

By, Bob and Vicki Kump

It was a warm sunny Friday morning when Bob and I headed out on our latest adventure, this time we were going to Vapor Trail Vettes 13th annual Blast in Santa Maria and I was driving! Bob was a good co-pilot he sat down, shut up and hung on. The traffic was heavy but definitely worth the hassle when you get to see the Pacific Ocean off to the left and you get to stay at the beautiful Santa Maria Inn.

After we got settled into our room and had some nerve calming juice we joined everyone in the hospitality suite for our evening of fun, conversations, food and of course the famous "Corvette Race" which can get pretty exciting!

Saturday was a fun packed day with the car show in the morning, a Rolling Thunder game, which was lots of fun and super easy to play (*no talent required*), then everyone was off to do the Gimmick and Poker Rallye and Funkhana. When everyone was back there was just enough time to relax a little and get ready for the awards banquet where we feasted on Chicken Piccata, Filet Mignon and Grilled Halibut and the best chocolate cake or to die for cheesecake.

Corvette Super Sports did pretty well in the trophy department. Bob and Vicki Kump won first place with their C-4, the Rolling Thunder game winners were Ron and Karen DeBartolomeis, first place, and Dave Alciatore and Ruth won second place. Bud and Shannon Norris had the second best poker hand. Second place in the Gimmick Rallye went to Bud and Shannon and Brad and Ann Lee won first place in the Funkhana even with Brad having a bag over his head, but Ann did an amazing job telling him where to go...Ed Norris and Joe Orrico came in a close second with Ed directing Joe to the finish line. The farthest traveled award went to Dave and Ruth coming from Fallbrook. Club participation went to Pomona Valley Corvettes with nineteen cars joining in the weekend fun and Corvette Super Sports coming in second with twelve cars. Come on Super Sports we can beat them next year!! And of course there was the raffle where Super Sports members racked in several very nice prizes.

The time has come to say good bye and thank you to the wonderful people from Vapor Trail Vettes for such a fun filled weekend and get ready for our trip back home on Sunday.

For those who didn't make this trip with us, I hope you definitely put it on your calendars for next year. You won't regret it!

Story From the Past

The week just before the club's All American Car Show Tony Schavone and I went to J&D Corvette in Bellflower to ask for any type of donation they could give to our club's raffle prizes. They came through by giving gift cards that would be used towards purchasing Corvette merchandise.

But, there was more that happened where I was able to share my little bit of J&D Corvette blast from the past, with the manger as he gave us a tour of the shop. Remembering a very long time ago the first J&D Corvette shop was around the corner from my house. I was in the 8th grade at Paramount Jr High school on my way to school or the store I would watch mechanics and body shop men working on these beautiful Corvettes. I recall asking questions of why they would cut up a practically new car 1963 Stingray. The body guys told me that they were cutting out the split window center to make it look like the newer 1964's full window. To think in now days prices how many Thousands of Dollars were they throwing into the trash dumpster. Wow! And one day that young boy would grow up to have owned 3 Corvettes.

NCCC PRESIDENT's MESSAGE

October 2017

Fall is the season of harvest. I remember this spring and all the rain that flooded the fields in the Midwest and killed the crops that were planted prior to the rain. But the farmers came back, never gave up, and replanted the crops.

Last night coming home after the sun set, I saw the farmers out in their equipment with lights on harvesting crops that were planted after the spring rain. They waited all summer for the crops to grow so all those beans and corn could be used for food for all of us in some way. I have tremendous respect for the farmers who never give up.

Life many times is like the crops that get rained out and have to be replanted and then wait for them to grow to be harvested in the fall. Sometimes we are given a set-back in life that we feel we will never come out of. I have found that sometimes a set-back is just a set-up for something better.

NCCC is a lot like the crops that are rained out in the spring and then replanted to grow and harvest. In the beginning of the year NCCC's membership numbers fall off for many different reasons and throughout the year the membership grows again to exceed the total from the previous year.

November some NCCC Officers term out and retire and new Officers are elected to fill the requirements of each position. New Officers bring new ideas and energy to keep NCCC moving forward. There are also five appointed positions that I will appoint for 2018. If interested, I will need your application by November 1st for any of these positions. The application form is on the NCCC website under Appointed Officers.

October is the month club Governors will have the opportunity to decide who will be our new officers for the four positions up for election. They also vote for the location for the quarterly NCCC meetings, new by-laws, standing rules, and the 2019 NCCC annual convention. It is an important month for the future of NCCC!

Voting opens on October 1st and closes on October 31st. Talk to your club Governor who will be casting the votes for the future growth, the planting of the seed so to speak, of NCCC. Your opinion and voice count!

These past months there have been many set-backs in this country due to many storms in Texas all the way to Florida and the East Coast. Many NCCC members, families, and friends have lost much if not everything. I would ask everyone reading my post this month to keep all these folks in your thoughts and prayers as they all replant and replace everything taken in these horrible acts of nature. **NCCC is here to help.** If you know of someone who has experienced a loss, contact **Michele Cantelmo**, Director of NCCC Charity, who may be able to offer some financial help through the NCCC Grants program. This program is available to all NCCC members.

Spring is the season of planting for the future. This fall is the time to buy the seed for the spring. Club renewals are also happening so don't forget to rejoin. Make sure your NCCC membership for 2018 is ready to plant and grow. Don't miss out on all NCCC offers to each member. It is less than \$2 a month to be part of the best Corvette organization around. You don't want to miss the planting season in the spring and not watch the crop grow.

Enjoy fall as it is one of the most beautiful seasons of the year with all the fall colors. Have fun with all the members in your club and NCCC. Spend as much time as you can and get involved. You never know what tomorrow may bring. No one knows what the future holds, but we all know who holds the future!

**God Bless you all,
Dave Heinemann
President NCCC**

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

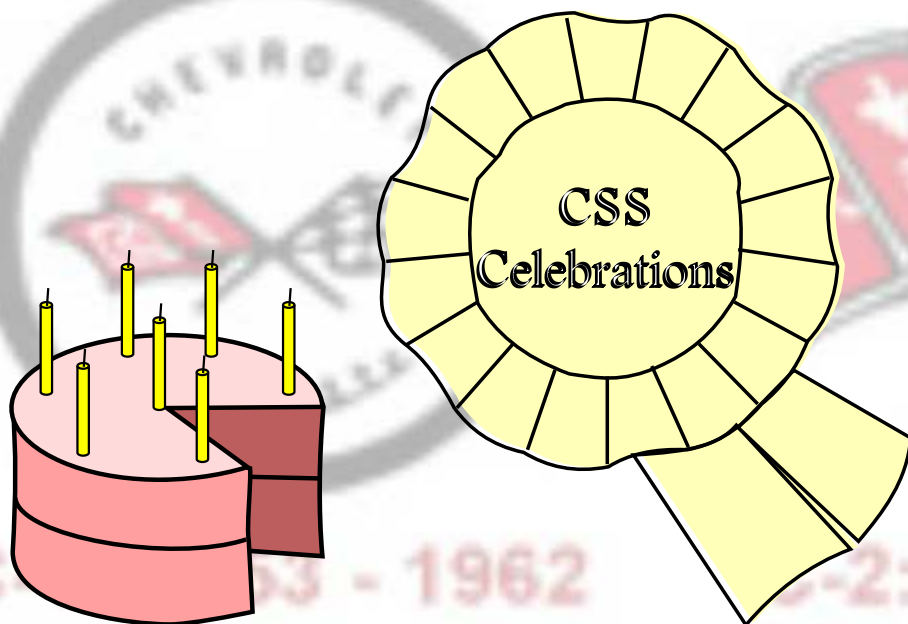

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)
