Corvette Race Cars, the
Beginnings. . .

The 2017 Corvette will be racing
in the Long Beach Grand Prix next
month. The first running of the Corvette at Le Mans in
France was Fifty-seven years ago.

1960 was the first year that Corvette was to run in the 24-
hour race at La Mans in France. GM sent three 1960, 290
horsepower, fuel injected Corvettes that were prepared for
the race by Briggs Cunningham. Two of the Corvettes had
raced at the 12 hours of Sebring. The #1 car for this race
broke an axle, lost a wheel and flipped over. This car would
wear #3 at Le Mans.

Briggs Cunningham and Bill Kimberly drove the #1 Corvette.
It crashed during a heavy storm at the 3-hour mark. Dick
Thompson and Fred Windridge drove Corvette #2 which
had to be dug out of a sand pit. The over-taxed engine
expired in the 20th hour.

John Fitch and Bob Grossman drove the #3 car – running
as high as 7th place overall during the cold, rainy race.

During the last hours of the race, the engine overheated and
lost coolant, but regulations prohibited refilling the radiator.
The team overcame the problem by packing the engine with
dry ice. Grossman finished the #3 by placing 1st in Class
and 8th place overall.

This was the first time in history a Corvette won its Class at
C5-R placed 1st in GTS Class and 8th overall just like in
1960.

The #1 Corvette is still being sought after today. The #2 is
owned by Bruce Meyer in California. The #3 is owned by the
Chip Miller Family in Pennsylvania.

Good luck to the Corvette team in Long Beach.

The Officers and Board Members are anticipating a jam-
packed year of exciting events and caravans to special
places. While we are filling in the calendar for this coming
year, we still really want and need the input from the
members. You members know of many special places and
fun activities. Please share them with us. This Club is great
because of everyone's contributions.

(Answer to January's Trivia Question): What year were
there 53,807 Corvettes produced? 1979

TRIVIA QUESTION: What was the highest priced option on
a Corvette?

TIME LINE: April 10, 1960. John Fitch and Bob Grossman
bring their #3 Corvette home in eighth place overall at the
24-hours of Le Mans.

CSS'ers Start your engines!

The weather is gonna start warming up and the local events
will as well. Time to get your ride cleaned up and ready for
travel.

March 4th is the Celebration of Life for Pat Works at Skydive
Perris. Tributes both in the Sky and on the ground will mark
the day. Let's show our Love and Respect for Pat with a
huge turnout. Check our Events page on the website for
additional information and caravan specifics. Don't forget to
wear your Club apparel.

March 19th - Be ready for a fun cruise to Borrego Springs.
The day promises to be filled with good weather, wild
flowers and representations of the animals that roamed the
land in the recent and not so recent past.

April 7-9 is the Long Beach Grand Prix. The Corvette VIP
tent is reportedly sold out for Saturday but may have a few
spots left for Saturday. Great event! If you're interested call
the Grand Prix ticket office to verify availability.

April 20-22 Gamblers Classic in Laughlin. This has always
been a really fun event hosted but the Corvettes of
Bakersfield. A car show, a poker run, a banquet dinner with
a night filled with entertainment should prove to be
rewarding for all in attendance.

Car shows, baseball games, a corvette detailing day,
picnics, a night of auto racing are but a few of the events in
the months to come. Keep an eye on the CSS website
calendar. Got an idea for a place you'd like to share with
fellow members? We'd love to add it to our calendar!!

There Are Still Honest People in the World

Judi, I and friends went to Blue Jay campground off Ortega Hwy. by Lake Elsinore. She dropped her cell phone on the road while rescuing a loose dog. We went down the hill before finding out this misfortune. We went back and could not find it that night (Friday). Saturday we went and after consulting campers, a Forests Ranger gave it to us. He had it turned in by a work companion that found it on the road in the wilderness. T-Mobile told us after we blocked the phone that people could still get on the phone to use our e-mail and any ap that uses the internet. We are very pleased to receive the phone that was ran over by a reindeer (or car) and pay the \$150.00 insurance premium on the phone for a new phone because we are blessed with knowing that no dishonest person can tap into our Gmail, Amazon, Bank of America and stock market links on the phone. We did not put a password on the phone to stop someone from using it in this manner. We will now put that password stop on the phones from now on!!!

Car show chairman Wayne Heard has spoken to Rod Natale about the parking lot availability for the car show. The date is October 21. Tony will contact Hooters for their cooperation.

Rick Miller brought up Bert Wiest's announcement at the last general meeting regarding the writing of motions. Several people have been upset about this. This was never decided by the board, but was for future consideration and discussion only. It was also brought up that Bert should not have been the one to make this announcement; it would have been more appropriately announced by the club President. There was some question as to the accuracy of minutes recorded, this being the reason for this suggestion. The writing of motions is for accuracy and it was suggested that possibly a scribe record the motions rather than the secretary. It was discussed and decided that Bert will offer an apology at the next general meeting.

Tony is going to encourage more members to plan and book events for club activities.

Rick Miller reported that March 19 is the current date for the Borrego trip.

The July general meeting is scheduled for July 4<sup>th</sup>. Tony will check with the club about moving it to July 5<sup>th</sup>.

There was a motion by Rick Miller:  
"I move that the meeting be adjourned."

The motion was seconded by Debra Ruby, the vote called for, taken and passed unanimously.

The meeting was adjourned at 2005.

Respectfully submitted,  
Bert Wiest, Secretary

## Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, [www.mamotorworks.com](http://www.mamotorworks.com), (800) 500-1500;
- b. Eckler's Corvette, [www.ecklersCorvette.com](http://www.ecklersCorvette.com), (800) 327-4868;
- c. Corvette America, [www.CorvetteAmerica.com](http://www.CorvetteAmerica.com), (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, [www.volvette.com](http://www.volvette.com), (865) 521-9100;
- b. J & D Corvette, [www.jdcorvette.com](http://www.jdcorvette.com), (800) 838-8353 (located locally in Bellflower, CA).

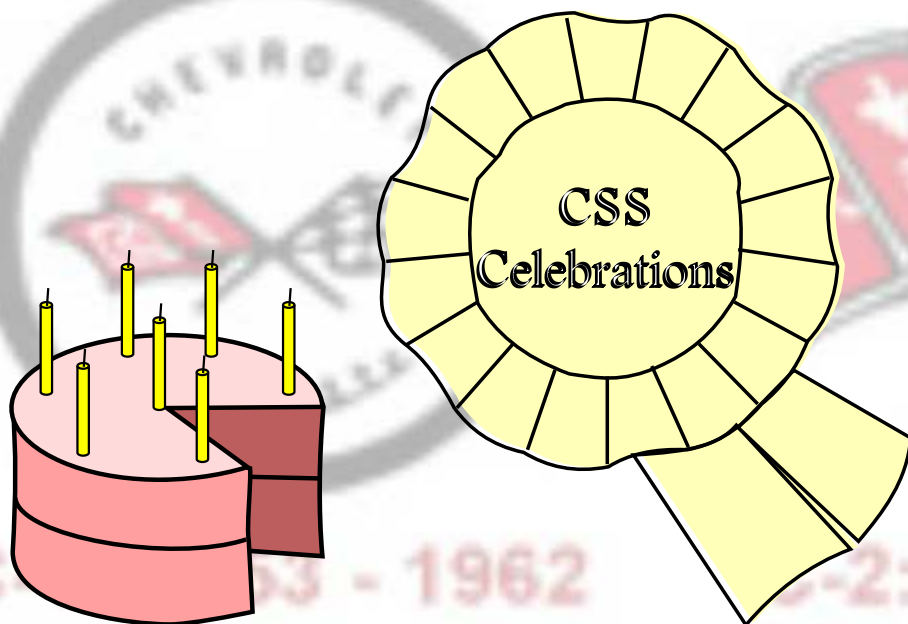

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, [www.CorvetteCentral.com](http://www.CorvetteCentral.com), (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, [www.CorvetteCollection.com](http://www.CorvetteCollection.com), (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, [www.CorvetteMuseum.org](http://www.CorvetteMuseum.org), (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

## Sponsor's Corner:

Connell Chevrolet helps sponsor our Corvette Club. They have been family owned and operated by the Doddridge family since 1989 when Paul Doddridge purchased the franchise from John Connell. Paul is still active with the dealership, but he also spends a lot of his time at his ranch in Montana. His son Wayne Doddridge is the active General Manager.

Connell Chevrolet was first opened in the late 1950's and was located in Newport Beach on Pacific Coast Highway. Then in 1963, they relocated to Harbor Boulevard in Costa Mesa.

Connell has one of the largest new, certified, and pre-owned inventories in Southern California. If you're looking for a specific Tahoe, Silverado pickup, Corvette, or a late-model used car or truck, chances are, Connell Chevrolet has it.

And over the years, Connell's Service Department has built a reputation fixing your GM vehicle right the first time and in a timely manner. They currently have more Chevrolet Master Technicians than most other Chevrolet dealers in the entire USA.

When you go to Connell for service ask for Todd Mack. Todd has been a Service Consultant at Connell for over 20 years and is a recommended advisor in the Corvette forum. For you "do-it-yourselfers," Connell Chevrolet has an expansive Parts Department. They are one of the largest wholesale dealers in the area. And if they don't have your specific automotive part on hand, they can probably secure it within a few days.

Lastly, let's talk about the Connell employee family. To many, their employment at Connell is not a job... It's a career. Many employees including the sales, service and office personnel have worked at Connell for twenty years and more. Even the outside vendors who help to support Connell Chevrolet, have been within the Doddridge family for many years.

Look for Wayne Doddridge next time you're at the dealership and introduce yourself. He is a family man with 6 children and supports the local community. He and Connell Chevrolet help sponsor Orange Lutheran High School, Crean Lutheran High, Costa Mesa High, Fountain Valley High, Estancia High, the Orange County 4H clubs, Newport Harbor Corvettes, Corvette Super Sports, Better Business Bureau, Auto Club, Costco, Los Angeles County Police and Fire Departments, the Orange County Fire Department, Costa Mesa Police, Newport Beach Police, Huntington Beach Police and Irvine Police.

Hi everyone! Reminding everyone that I welcome pictures and extra articles from other members as long as you send them to me at least **five (5) days before** the end of each month. I especially need pictures and copy (articles) for events I do not attend!

Thank you to William Grohmann for the pictures and story from the Corvette Pirate's Cruise and to Tony and Laura Schavone for providing pictures for the President's column. Thank you Eric, for being my proofreader.

If there are any birthdays or anniversaries that I missed, please email me so I can correct it for the future!
