## Who We Are

We are a car club made up of Corvette owners with a passion for a fine driving machine, with the goal to participate in and support auto-related activities, such as: car shows, auto-crossing, rallies, drag racing, caravans, cruises, parades, etc.

We support (N.C.C.C.) **National Council of Corvette Clubs, National Corvette Museum**, several social, civic, and charitable organizations. CSS is incorporated as a non-profit organization in the County of Orange, California.

[www.CalicintoRanch.org](http://www.CalicintoRanch.org)

## CSS Family Updates

Joyce Grohmann has suffered a broken femur (thigh bone) caused by multiple myeloma bone cancer. She had a titanium bar placed to stabilize it. We wish her a full and speedy recovery!

Well Bert had another surgery! It was an exploratory laminectomy (another look at his back incision) to find out was causing the leak. Doc found it, fixed it, and Bert is home. Last time I saw him, he looked as if nothing's happened! Great recovery so far!

We continue to wish Marge Huhta and Steve Melton good health and healing.

## Corvette Super Shots

## President Tony

What's the worst thing that can happen to a Corvette owner? Well, the worst is probably having your car stolen. But, the second worst has to be having your car quit in the middle of a busy street and then having the darn car not start.

What seemed like an eternity was probably only 15 minutes before it started. This wasn't my 1962 Corvette; it was my 2012! I limped it home and then brought it to our Tuesday monthly CSS meeting. Doug Mariani, who is a certified Corvette Tech, determined that the ECM (Engine Control Module) was bad.

I would have liked to take it to Connell Chevrolet, our wonderful sponsor, but considering the situation, I took it to the nearest Chevrolet Dealer - Premier Chevrolet in Buena Park. There I met with the Service Consultant, Dan Shepherd. He was very pleasant to work with. He agreed the ECM was bad and had to be replaced. The cost was almost \$800.

The car had 31,500 miles which was over the 5-year warranty limit. "What can you do for me?" was my next question. Within 5 minutes, they called me back and said it would all be covered under warranty. Wow, that was great news.

When I picked up the car, I talked to Dan Shepherd again. Turns out he owns a Corvette, but can't drive it right now since he is on crutches. But he would like to come to a meeting of our club.

The best part of the story is upon reading my warranty book, I find out that the ECM is warranted for 8 years or 80,000 miles. Lesson: Read the books that come with your car.

\*\*\*\*\*

We have reached the half way point of this year with an exciting event to start off July. On July 9<sup>th</sup>, I'm planning a day trip to Ojai. We will meet Dwayne, who has a 50-car collection, including his first car. He has several nice Corvettes also. More information will be available at the July monthly meeting.

Thanks to all of those who went to Big Bear to Shirley and Garry's, Bash. Some didn't go because of the fires, but I hear that everyone attending had a Great Time. Thanks to Shirley and Garry for hosting this special annual event.

## The VP's Column

### The VP's Word By Rick Miller

Hi all,

Hard to believe June has come and gone already. Time sure is flying by. Hopefully you're all enjoying the warmer weather and the beginning of summer '17.

June 4<sup>th</sup> was the Huntington Beach Concours and the O.C. Vettes People's Choice Car shows. CSS members took honors for 1st, 2nd and 3rd Place finishes (5 total) in the Judged Concours and 1st and 2nd place finishes in the People's Choice event. Congrats to trophy recipients the Lee's, Millers, Valparaiso's and Utah's.

Other events included Vapor Trails Autocross and The Bash at the Jones's (formerly the Bash Before the Bash). Personally unable to attend these 2 events I look forward to hearing all about them from members who were there.

In other Corvette news, the plant has geared up for 2018 production with orders for the newest special edition "Carbon 65" hot and heavy. Production will be limited to 650 units in total including exports. 400 units are already on order.

Better get to Connell soon if you want one of these beauties.

July events include a private showing of a personal car collection in Ojai July 9<sup>th</sup> and O.C. Vettes Annual Charity Poker Run July 15<sup>th</sup>. The specifics for Ojai will be discussed at the July meeting and the Poker Run info is on our website.

Got word from the Tahoe 49 committee that CSS members are clearly in the lead for club participation and are now 3 tables strong for the banquet. If you've been considering attending but haven't yet registered there's still room to join the party. Check the website for info about Tahoe 49 and other future events.

## Big Bear Bash June 24, 2017

Shirley says thank you for everyone who came to the party/weekend. It was quaint, simple, and very nice. Everyone had a good time. Unfortunately, I wasn't there, and no one took any pictures!?!

The fire was going away from Big Bear and they couldn't even smell any smoke. There was no danger! Sadly many were scared away from the news unnecessarily and missed a beautiful weekend.

## NCCC PRESIDENT's MESSAGE

### June 2017

**Summer is here** and as the weather gets warmer each day I see more and more opportunities for members of NCCC to get involved and enjoy the hobby of owning a Corvette.

**Everything is in place** for another great NCCC Convention this year in Bowling Green KY, home of the Corvette. The Corvette plant announced in April that the plant would be closed for tours for 18 months which upset a lot of people. Planning the convention over two years out, no one in NCCC had any idea the tours would not be available to us or the public. However, that does not stop all the fun and good times to be had at convention this August. The Yanko's and Murphy's have a great program planned and there is still time to come on a day pass for one or more days to see and experience all there is to do during the week of convention.

**May 6th was the second quarter meeting** of the NCCC Board of Governors in St. Louis. Business was conducted and Officers reports were given for all the areas in NCCC. Each NCCC club elects a Governor who represents all the members of their club in deciding the direction for the future of NCCC. Regional Officers represent each region and all club Governors who cannot attend. National Officers chair committee meetings on Friday afternoon and evening with all the Regional Officers. National elected Officers meet Saturday morning prior to the afternoon meeting with the Governors to discuss information from the Friday night meetings. All this information comes together on Saturday afternoon at the National Governors meeting at 12:30 PM. This is just a small part of what all the volunteers, Officers, and Governors do for the 18,000 + members of NCCC. They all do it with a passion and love for NCCC, and the Corvette hobby. If ever you have a chance to attend a meeting, I encourage you to do so. You might just see the dedication and time these officers spend for everyone to have fun!

**Things on the National level are doing well.** For the first time in seven years, NCCC has a balanced budget for 2017. NCCC's "Blue Bars" magazine is better than ever in full color with current reports of events happening all over the country. The new deal with the printing company using three staples instead of two and flattening the magazine has reduced the problems of torn covers. Editor Elaine Heretta is doing an excellent job of assembling the magazine for everyone to enjoy and working with the printer to reduce the cost of the magazine by over \$30,000 in 2017.

**Amelia Workman, VP of Membership**, is right on top of processing new members coming in every week as clubs sign up new Corvette owners. The new membership renewal program is all set for this fall when renewals start again for 2018. Please make sure that NCCC has your current correct address and the right email so you don't miss out on anything in the future.

**The new NCCC raffle program** to support St Jude Children's Research Hospital is doing well but could still use a little more support from all the members of NCCC. Only 2000 tickets at \$50 each for a certificate for a new Corvette or \$40,000 cash, and with over 18,000 NCCC members, all tickets should be sold out by now. Please consider helping out this worthwhile cause to help children who are dealing with cancer and other medical issues. You can order tickets on the NCCC web site under Charity. It's the right thing to do and sends a good message about our great organization.

**The NCCC relationship with the National Corvette Museum** keeps getting stronger each day. The "NCM delivery program" has gained NCCC over 350 new members. NCCC support for the new Motor Sports Park continues to make others aware that NCCC is there as a Corvette organization. Many NCCC clubs are using the MSP for events. What a great place to host a speed event.

**That's it for this month.** Events are up and running all over the country. Try to attend one just to see how much fun they can be. Get involved with your club supporting events, drives outs, tours, and anything with your Corvette. Please keep in mind, everything NCCC and clubs do are hosted by volunteers who give of their time and energy so we can have a good time.

**Until next month**, drive safe, have fun, and enjoy the ownership of a Corvette. Over 299 million people in the USA don't own a Corvette. We are the lucky ones!!! Enjoy and make the most of it!!

**Dave Heinemann**  
President NCCC

## Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, [www.mamotorworks.com](http://www.mamotorworks.com), (800) 500-1500;
- b. Eckler's Corvette, [www.ecklersCorvette.com](http://www.ecklersCorvette.com), (800) 327-4868;
- c. Corvette America, [www.CorvetteAmerica.com](http://www.CorvetteAmerica.com), (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, [www.volvette.com](http://www.volvette.com), (865) 521-9100;
- b. J & D Corvette, [www.jdcorvette.com](http://www.jdcorvette.com), (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, [www.CorvetteCentral.com](http://www.CorvetteCentral.com), (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, [www.CorvetteCollection.com](http://www.CorvetteCollection.com), (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, [www.CorvetteMuseum.org](http://www.CorvetteMuseum.org), (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

## Sponsor's Corner:

Connell Chevrolet helps sponsor our Corvette Club. They have been family owned and operated by the Doddridge family since 1989 when Paul Doddridge purchased the franchise from John Connell. Paul is still active with the dealership, but he also spends a lot of his time at his ranch in Montana. His son Wayne Doddridge is the active General Manager.

Connell Chevrolet was first opened in the late 1950's and was located in Newport Beach on Pacific Coast Highway. Then in 1963, they relocated to Harbor Boulevard in Costa Mesa.

Connell has one of the largest new, certified, and pre-owned inventories in Southern California. If you're looking for a specific Tahoe, Silverado pickup, Corvette, or a late-model used car or truck, chances are, Connell Chevrolet has it.

And over the years, Connell's Service Department has built a reputation fixing your GM vehicle right the first time and in a timely manner. They currently have more Chevrolet Master Technicians than most other Chevrolet dealers in the entire USA.

When you go to Connell for service ask for Todd Mack. Todd has been a Service Consultant at Connell for over 20 years and is a recommended advisor in the Corvette forum. For you "do-it-yourselfers," Connell Chevrolet has an expansive Parts Department. They are one of the largest wholesale dealers in the area. And if they don't have your specific automotive part on hand, they can probably secure it within a few days.

Lastly, let's talk about the Connell employee family. To many, their employment at Connell is not a job... It's a career. Many employees including the sales, service and office personnel have worked at Connell for twenty years and more. Even the outside vendors who help to support Connell Chevrolet, have been within the Doddridge family for many years.

Look for Wayne Doddridge next time you're at the dealership and introduce yourself. He is a family man with 6 children and supports the local community. He and Connell Chevrolet help sponsor Orange Lutheran High School, Crean Lutheran High, Costa Mesa High, Fountain Valley High, Estancia High, the Orange County 4H clubs, Newport Harbor Corvettes, Corvette Super Sports, Better Business Bureau, Auto Club, Costco, Los Angeles County Police and Fire Departments, the Orange County Fire Department, Costa Mesa Police, Newport Beach Police, Huntington Beach Police and Irvine Police.

Connell Chevrolet is located at:

See Ya Later Alligator Travel

On Carnival Breeze, enjoy the island atmosphere of the very cool RedFrog Rum Bar, or south-of-the-border taco goodness at BlueIguana Cantina. There's always family fun in the air at Hasbro, The Game Show and ha-ha hilarity

at the Punchliner Comedy Club. Don't forget the ambiance of Guy's Burger Joint - roadside-burger-shack style - featuring hot-off-the-grill burgers designed by celebrity chef Guy Fieri! Carnival Breeze has a 320' long Twister Waterslide at

Serenity Adult Only Retreat... after pampering yourself at Cloud 9 Spa, of course.
