Upcoming Event for CSS - June 9, 2018

Hi CSS members,

We have a special opportunity to see a great car collection that belongs to Tom Malloy who is the owner of Trench Shoring Co.

Tom Malloy was introduced to racing as a child by his dad Emmett J. Malloy who owned two open wheel race cars and built and owned Carrell Speedway in Gardena, California, and who in the next couple of weeks will be inducted into the Sprint Car Hall of Fame.

Tom has been lucky enough to have shown and raced his cars all over the United States, and even foreign countries such as England, Canada, Australia, New Zealand and France.

Now Corvette Super Sports has a unique opportunity to see this personal collection on June 9, 2018 at 9 a.m. in Corona. There will be a slight admission fee collected at the door: \$10 for men, and women and children are admitted free of charge.

There will be a sign up at the next general meeting for those who want to go. More details will be forth coming. This promises to be an exciting event.

President Tony

We are almost into April which means one quarter of the year is behind us. As Wayne will report, we have a full month of events in April. Make sure all of you look these events over and make plans to attend one or more.

The Club will be voting for a new Secretary at our April 3rd meeting to replace Burt Wiest. Bert is one of the most organized persons I know. Dianne and Bert will be missed. Thanks to both of them for their hard work and loyalty to the Club.

An auto related story that most people haven't heard about is the destruction of a lot of automobiles as the result of Hurricane Harvey, when it went through Houston Texas last year. Houston was hit with 52 inches of rain. Up to a million cars were destroyed by the flooding. Dealerships saved the best classics, but most cars were all lost.

McRee Ford saved the owner's 1965 Mustang Convertible and some GT350s Ford Motor Company insisted that all water-soaked cars be crushed – all 450 of them. Some cars would start and run but all the warning lights came on and would require a lot of time and money to get them back on the road.

Ferraris, a Rolls-Royce Phantom, Teslas, Porches and other exotics were victims of water.

Of the ten Chevrolet dealers in Houston, how many Corvettes do you suppose were lost? Hundreds! (This info was copied in part from "Car and Driver" magazine.)

This year we would like to plan more events we can participate in as a club. If you have an idea for an event and are willing to head it up, please let me know. We will help you organize it.

See you next month, and take care everyone !!!!

Running for Secretary

When we joined this club over a year ago, I thought what a bunch of friendly, nice people. We have been to almost all the meeting since we joined but, we have not been able to participate with many of the outings. The few that we have been able to go on have been so much fun. I know that I have not gotten to know many of you, so I wanted to let you know a little bit about me.

I've been working for 50 years. Anything that I put my mind to, I do with full conviction and want everything to be perfect. I'm kind of anal about that too! I worked as a Hairdresser for 16 years after high school, but wanted something a little more structured and joined corporate America. I worked for a big telecommunications company and was constantly approached to take on more functions that would benefit other departments. I was sent to a weeklong school to become a facilitator for the office meetings. I was also asked to take notes for other department meetings. In the 15 years there, I worked my way up in the company. I started in the training department then became Supervisor of our dispatch department. I then became Manager of the West Coast Contracts department. Finishing up as a Project Manager to many high profile customers. Some of my accounts were Costco, Nextel and the St. of Arizona. I was responsible in making all the phone systems across the country and state installed the same. I joined Bill in our company 12 years ago. Our business was growing and he needed a right hand woman. That was me. We run a very successful manufacturing company.

I am detail orientated. Dedicated. A team player.

Marge Huhta

Running for Secretary

I volunteered to run for secretary because I want to help the club. I served 2 1/2 years as CSS treasurer and co-chaired several car shows at Connell. I also served on the board of directors of a national non-profit corporation as CFO and oversaw a multi-million dollar budget. As a retired elementary school teacher I know how to keep accurate notes and detailed records for CSS.

Thank you,
Marge

A Fond Farewell

11 years ago Dianne and I joined the Corvette Super Sports family. We were immediately and warmly accepted into the fold and have loved every minute of it. We have been privileged to serve and be served by this wonderful club. We have been through meetings, car shows, road trips, shooting, car waxing days, miniature golf tournaments and every other type of imaginable activity. We have broken bread together, cried together and laughed together. But, as you are aware, our plans are to move closer to family. We have accepted an offer on our home and have made one that has been accepted.

Therefore, in order to allow the club to identify, nominate and elect a new secretary, it is with a heavy heart that I tender my resignation as Secretary of Corvette Super Sports effective immediately. We love you all, will miss you all, and our door will always be open to any who wish to visit.

Never lose what you have here; it's priceless.

Dear Corvette Super Sports members,

It is individual donations such as your \$2,000.00 donation, that helps us at **Patriots and Paws** complete our mission and allows us to expand our services; including making donated home good pick-ups in and around Southern California, storing and organizing these items in a local warehouse, and helping active Military/Veterans receive these donated home goods weekly at no cost to them.

We also educate the public about our company as we attend local active Military/Veteran events in our area.

A goal for which **Patriots and Paws** is striving to have is an animal shelter that rescues animals and pair them with active Military/Veterans who need a comfort companion. A longer-term goal is to add on to our animal shelter to care for animals while their owners are deployed.

Patriots and Paws is a 501 (c)(3) organization. Your contribution is tax deductible to the extent allowed by law. We advise you to keep this acknowledgement of your donation for your tax records.

No goods or services were provided in exchange for this donation.

Already this year we have helped over 150 Veterans/Active Military/Reservist. We are able to provide this support because of your continuous generosity. Thank you again.

For information on upcoming events and activities, visit us at www.patriotsandpaws.org or our Facebook page. You can also contact us at 714 323 7229 (PAAW).

Volunteer Opportunities

While financial contributions are critical to support a staff of nine people, provide child care, and assure regular maintenance of the shelter, we couldn't do it all without our dedicated volunteers.

Thrift Shop: *Charity's Closet* has a variety of volunteer opportunities available to suit your schedule. Stop by and speak with a day manager and pick up a volunteer form.

Office Volunteers: We do not have a full time secretary on staff, volunteers are needed to answer phones, help with filing and other administrative duties. Can you help two –four hours per week?

Mentor Program: This committee is designed to mentor current residents. The committee meets roughly once per month. The time commitment for mentoring is anywhere from a-half to two hours per week with a resident.

Children's Play Hour Volunteer: Volunteers are needed to play with the children or help with homework in the early evening so parents can attend mandatory meetings.

NCCC PRESIDENT's MESSAGE

March 2018

March is the start of spring and things happening in the Corvette world. As the weather begins to warm we start to bring out the Corvettes more and more. Drive-outs start, cruises start, and "cars and coffee" events happen which have become a very popular thing to do on Saturday mornings. All kinds of cars attend these events, usually beginning around 7 AM and over by 10 AM. This is a great way to meet and make new friends.

If we only had more time to do all the things we would like to do? Did you know that most of us live an "eight day week"? When I was younger I use to say my mother played golf eight days a week. She was always on the golf course chasing that little ball. The Beatles sang a song about "eight days a week".

The eight days a week are: Sunday, Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, and SOMEDAY! Is our life so busy that we put things off many times until SOMEDAY? What are we missing? What have we NOT done we would have liked to?

SOMEDAY is kind of like later on....or tomorrow. I remember years ago walking into a bar and the sign said: "drinks are free tomorrow". Trouble is tomorrow never comes because returning the next day, their "drinks are free" again "tomorrow".

The great tragedy in life is that SOMEDAY is never part of any week. SOMEDAY never comes at all. Because SOMEDAY never comes, many of the wonderful things in life are missed and never experienced!

The members of NCCC are some of the best of the best people in this world. Many clubs and their members plan and host all kinds of events from meetings, drive-outs, dinner cruises, cars and coffees, car shows, rallies, autocrosses, parades, conventions, tours, and a host of other events too many to list. Within this group we get to know each other and become friends who care about each other. NCCC is a special caring group of members.

So, what do you plan to do SOMEDAY, or tomorrow, or later? I have said it before; each of us only has so much TIME to spend. We can always get more money, more cars, eat more, sleep more, and sit around more. We can never get more TIME or health.

I encourage you to get involved, look at your club calendar, check out the national event calendar, and find something to do with your time, your Corvette, and your life. When it's over.... it is over, there is no turning back. Make the most of what we have NOW and enjoy all you can. It is kind of like sunbathing: you can't get very tan in the night. You have to tan in the daytime, unless you have your own tanning bed.

The third month of 2018 is here. Make the most of your time doing something on the "EIGHTH DAY OF THE WEEK"! I know for sure you will enjoy it making memories.

Take care, be safe, call a friend, hug someone, tell someone you love them, and life will be better for you. And always be thankful for what you have.

God Bless you all!

DAVE HEINEMANN
PRESIDENT NCCC

2018 Car Show Update
from our new Chairmen,
Brian and Brad
March 2018

Happy April everyone!

The Car Show Team would like to share the latest and greatest developments with you.

First, as always, thank you for trusting us and lending your support. The Car Show is a great event and something CSS should be proud to put their name on. It is our goal to develop a great event which you will take pride in supporting.

We have been in regular communications with The Buena Park Downtown (BP Downtown) owners. They are working on their end to secure the Sears Parking lot, as well as, the parking lot to the South East. We are anxiously awaiting their decision and guidelines so we may move forward with the next steps. We will continue to push for the Sears' lot as our primary choice.

The Car Show Committee meets every month on the Thursday preceding the General Meeting. I apologize for the confusion, but please note the dates were changed. If you were not given the dates or missed the minutes, please note the following:

3/29/2018
4/26/2018
5/31/2018
6/28/2018
8/2/2018
8/30/2018
9/13/2018
9/27/2018

All at 7:00 pm at Tony and Laura's place

Please come and share your feedback and ideas. Remember this is your show - and Brad and I are the facilitators to ensuring your expectations are met to the best of our ability.

Open items needing your feedback are whether we want to host an ALL CORVETTE SHOW or AN ALL AMERICAN CAR SHOW. I have received feedback supporting both types of events. Here are some of the comments for your consideration:

1. An ALL CORVETTE SHOW highlights the Corvette and represents our club best
2. The Corvette is a unique car that is not like other muscle car genres, and therefore should have its own show
3. The ALL AMERICAN show may bring more variety of cars and potentially reach more people to attend
4. An ALL CORVETTE SHOW may not have the draw- meaning that we won't have a lot of cars in attendance = low turnout

Again, there are no bad ideas or bad feedback that you can share. All ideas and feedback helps improve the show.

Although we have 6 months to go, we need to get this event moving forward with some solid decisions being made. So, I hope to hear from many of you soon! Thank you again for your support, guidance, feedback, team work, and positivity.

In any project the important factor is your belief. Without belief, there can be no successful outcome.
--- **William James**

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)
