## President Tony

With 2018 in the rearview mirror and 2019 (the last year of the decade) here, we are off and running.

Our first event of the year was the annual Banquet at the Phoenix Club in Anaheim. The setting and atmosphere were as good as the food. Thanks to everyone who worked on the planning of it and to all who attended.

The new year has brought back the same great officers and welcomes a new board member, Brian Valparaiso. As President, I am excited about this new year! The Club will be planning the celebration of its 60<sup>th</sup> year!!!

Speaking of planning, I encourage any and all members to plan and organize a road trip, museum adventure or other activity. If you need help with an idea, just mention it to a Board member to get assistance in bringing it to reality.

I am already making plans to return to the Lake Elsinore Storm Baseball games. We have two dates so far. Everyone who attended before, had a fun time driving their Corvettes around the warning track before the game (sorry, no burn outs at home plate) and, of course, watching the game.

Here's an update on the Daytona race with the Corvette team. Well, the Corvettes started out strong, but problems and lots of rain didn't help them. They finished out of the running and will try next month at Sebring.

General Motor's President, Mark Reuss, talked about the Corvette fan base being very strong. The Corvette Corral at Daytona was full with over 200 Corvettes attending. He told what Corvette racing does for the cars we buy, and how the technical transfer from race car to street car is carried over. In April there will be 100 Corvettes in the Corvette Corral at the Long Beach Grand Prix. By contrast, the BMW corral had 3 cars last year.

Answer to November Trivia Question: The Corvette logo developed in 1953 has a checkered flag, a Chevy bow tie and the French Fleur-de-Lis. What does the Fleur-de-Lis mean? ANSWER: Peace & Purity

January Trivia: All states have an official insignia. What state has gone a step further by making the Corvette its official sports car?

Corvette Time Line: February 18, 1956 – John Fitch arrives in Sebring, Florida to begin preparations for entry of four Corvettes into the 12 Hour Sebring race

## The VP's Column

### The VP's Word By Wayne Heard

Hello fellow Super Sports Members,

Well, here we are in a new year and the first month is over already !!!!

This is a very exciting year for Corvette Super Sports as it is our 60<sup>th</sup> anniversary. This year promises to have many exciting events and happenings to celebrate our 60<sup>th</sup>.

We have some events coming up:

#### February –

- 2<sup>nd</sup> - San Juan Capistrano Car Show
- 3<sup>rd</sup> – 10<sup>th</sup> – 13<sup>th</sup> Corvette Pirates cruise aboard the Carnival Dream to the Western Carribean

#### March –

I spoke with Dick Malley of Southwest Corvettes and they would like to have a picnic with us on August 25<sup>th</sup> at El Dorado Park. This will be our second annual picnic with Southwest Corvettes. Last year's event was a great time with great food, prizes, and car judging. Please mark your calendar for this year !!!!!

The C1 debuted at the General Motors Motorama on Jan. 17, 1953. The production was limited to just 300 cars, but they didn't sell, and it was only available in white!!!!

The 2019 ZR1 is the most powerful production Corvette ever made. It has a hand assembled 6.2L LT5 super-charged small block V8 engine with 755 HP and 715 lbs. torque. The starting price is \$123,000!!!!

If there are any particular shows you plan on attending, or if you have any ideas for an event, please let John Spurr or I know. We will help you organize it.

Take care everyone !!!!

## Corvette Trip to Cambria

by Teresa and Sal Cruz

The first weekend of November 2018 Teresa and I took our Corvette on a trip up north to Cambria with a group of friends. We stayed at the Sea Otter Inn with the ocean just across the street. Friday morning we went over to Paso Robles for a tour of San Antonio Winery, then wine tasting and lunch. Saturday we drove north along the coastline and had a picnic lunch looking at the beautiful view of the ocean.

On Sunday it was time to return home. We stopped for gas in San Luis Obispo and got on the freeway. Up ahead of us we saw police and a fire burning along the hillside. I then noticed someone getting really close on my rear. I thought, "Come on! Back off a little." We were in Cruz mode. Then I noticed this person had a push bar and the license plate said in big Red letters EXCEPT as my two year old granddaughter says, "Oh man! The coppers!" As I looked down to check my speed, I noticed the sign said 65. I was at 75. What to do...jump on it and get a ticket for excessive speed? There was a mini-van and another car to my right between the two of them with a little space, so I jumped in. If he really wanted me - come on. He blasted past in one of those new CHP Interceptors lights flashing on his way. "Wow we" that was our wonderful weekend at Cambria.

## CALICINTO RANCH CHRISTMAS PARTY

By, Will Grohmann – December 15, 2018

Calicinto Ranch hosted the annual Christmas party on December 15, 2018. Over 800 children of incarcerated parents attended the event and received gifts from their own personal "Wish List." Calicinto Ranch Director Sophia states that every year the party gets larger.

Corvette Super Sports has supported Calicinto Ranch for many years by donating profits from its yearly car show. This year club members also received 25 children's names and their wish lists. Gifts were purchased individually by club members and delivered to Calicinto Ranch prior to the December 15 party.

This past year the County of Riverside has let Calicinto Ranch know that they need to connect to the local water municipality (EMWD) for use at the camp. (The camp has been using an existing well (for over 40 years) which will continue to be used for animals and irrigation as well as fire suppression.) Construction for this project began in July 2018 and has been broken down into 2 phases. Phase 1 included bringing 1400 feet of 12" water pipe to the North side of Soboba Road. Phase 1 has been completed! Phase 2 includes bringing the water line approximately 1000 more feet to the ranch and to hook up to all buildings including the cafe as well as all the cabins. This Phase has not yet begun, but will be starting ASAP. Funds are needed to help complete this project by March 31, 2019.

Sophia Pirelli will be attending the February 5 club meeting.

## 2018 MVP

Dear CSS Membership,

It is with a humbled and grateful heart that I say "thank you" for the 2018 MVP Award. Words cannot express my happiness. This is truly such an honor. I am quite sure many other members, just as deserving, were nominated and received votes of support. I am very honored to have my name among "the greats" engraved on the trophy.

It's very humbling to look at the names and wonder how we have come so far in 60 years. Everyone who has ever been a member and every recipient of this award has contributed in some way-small and large, and I am honored to stand among them.

I feel it's important to recognize all of you. The award represents the entire club- in my opinion. None of us achieve success alone. Whether we have been influenced by a chance conversation, or by honest open feedback, or just by genuine friendship and camaraderie.....we are lifted to high performance by those around us. For me, I am surrounded by all of you, who have made my participation in CSS very fun.

So, given the fact that you have all been so very generous in your support, I say thank you. We should all be recognized for the contributions we make, and therefore I share the award with you all. I will simply be the custodian for us this year.

Respectfully yours,

Brian

He will have Calicinto Ranch come to our February meeting to present them with our donation for last year. April meeting will be for Dive Warriors. And he will call Penny at Patriots and Paws to schedule when she can come. He had trouble finding a McDonalds to accept the tabs as a lot of them don't know about the program. He did find one in Anaheim that will take them. He also wants to take a survey around September to find out how the members feel about donations and other general support of charities.

2. Car Show Chairman Brian Valparaiso talked about lessons learned from the 2018 car show.

3. Tony wanted to know if maybe we need more sponsors. Maybe multiple dealerships? Do we need a sponsor representative?

5. Sal, do we need other types of awards? Maybe an Incentive Award?

The meeting was adjourned at 8:05 pm.

Respectfully submitted,  
Pam DeForrest, Secretary

## NCCC PRESIDENT's MESSAGE: December 2018

### TIME FOR EVERYTHING

**There is time for everything**.....if we allow it! The Byrds sang a song called: "TURN! TURN! TURN! (To everything there is a Season)" There is a season, and a time for every purpose under Heaven. A time to be born, a time to die. A time to plant, a time to reap. A time to kill, a time to heal. A time to laugh, a time to weep. The Bible expands on this in Ecclesiastes 3 1-8. A time to mourn, a time to dance. A time to tear, a time to sew. A time of war, a time of peace. A time to love, and a time for hate.

**Each day has a beginning and an end.** The sun comes up and sets. Every week starts and ends. Every month starts with new weeks. After 12 months, we begin a New Year. Life goes on and changes us. We get older, wiser, and hopefully we become the best that we can. No matter what is going on in your life, every day we get a chance to start over. I once heard: try to be "a person of excellent every day"! Try to do good, try to look for the good in everything, try to do something different and better than you did yesterday.

**This month my term as NCCC President** ends December 31st. My friend of over 40 years, Dale Samuelson, will start the New Year as President of NCCC. My season as President will come to an end. Change is good. It is now time for me to "reap" the benefits as Past-President of NCCC. I still am not sure what those are?? However, I look forward to time to enjoy life without the responsibility of President.

**I want to thank** all National, Regional, Club Officers of NCCC, and all NCCC members for the support and confidence you expressed to me during my term. The last four years NCCC has made advancements in many different areas moving the organization forward into the 21st century. Could more have been done? Yes, however, there is a time for everything.

**As new Officers enter** the Executive Board making decisions going forward for the betterment of NCCC, my hope is everyone will support their ideas, skills, expert ability, and passion for NCCC. NCCC will be 60 years old in 2019. NCCC did not live this long without Officers volunteering their skills and talent for all the members to enjoy belonging to the BEST and OLDEST Corvette organization around.

**So time marches on** and a new season is waiting for me. I look forward to doing different things in life, spending more time with my family that is growing every day. I want to enjoy every moment, every breath, every experience I can. I feel the most change in my life serving at President was the rewards I experienced from all the members. I became a better person understanding members' concerns and trying the best I could to respect and understand what was important to them. A time to break down, a time to build up. A time to gain, a time to lose. A time to keep, a time to throw away. A time to cast away stones, a time to gather stones. And the last verse of the song "Turn, Turn, Turn", a time for peace, I swear it's not too late.

**God bless you all**, every moment, every second, in everything you do. Make the most of every day as tomorrow is not promised. May everyone have the best Christmas ever, the best holiday ever, the best holiday SEASON, and a wonderful New Year. Life is Good, so give someone a hug whenever you can.

**See you around somewhere, enjoying life!**

**Dave Heinemann**

**President NCCC (until the 31st)**

## NCCC PRESIDENT's MESSAGE: January 2019

**Happy New Year!**

**It's now 2019** – How did that happen? Time sure seems to fly by.

**My name is Dale Samuelson** and I am the newly elected president of NCCC. I've been a member of the Northern Illinois Corvette Club and National Council of Corvette Clubs for 40 years. My plan is to continue these monthly blasts as a way to keep you informed of the latest NCCC news and other items of interest. I hope you enjoy.

**I have been a member of many clubs** and organizations over the years as my interests have changed, including various car, motorcycle, and boat groups. None of these, other than NCCC, have held my interest enough to remain involved for more than a few years. I'm not even sure I would still be a Corvette enthusiast had it not been for NCCC. Through NCCC, my wife and I have met so many people from throughout the country that we call friends and now consider you all our extended family. What a great group of people you are!

**One of the first tasks** that I will face as your president will be to appoint a new Director of the Future Corvette Owners Association (FCOA). The executive committee will interview three candidates at the February NCCC Governors meetings and help with what I am sure will be a tough decision. Please join me in thanking Pat Kelly for her more than 20 years of selfless service. The FCOA is the future of our organization, so be sure all your kids, grandkids, nieces and nephews (under the age of 16) are members. If you didn't notice, there is a link to FCOA on the home page of the NCCC web site.

**I believe this organization belongs to you**, the membership. I hope you will take the time to read these blasts, read our national magazine (Blue Bars), and stay involved. Talk to your club Governor, get the latest news, and let him/her know what you need to know and what you would like to see happen. Only by working together can we insure that NCCC remains the best Corvette organization in the world.

**That's it for now – Save the Wave!**

**Dale Samuelson**  
**NCCC President**

## Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, [www.mamotorworks.com](http://www.mamotorworks.com), (800) 500-1500;
- b. Eckler's Corvette, [www.ecklersCorvette.com](http://www.ecklersCorvette.com), (800) 327-4868;
- c. Corvette America, [www.CorvetteAmerica.com](http://www.CorvetteAmerica.com), (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

- a. Volunteer Vette Products, [www.volvette.com](http://www.volvette.com), (865) 521-9100;
- b. J & D Corvette, [www.jdcorvette.com](http://www.jdcorvette.com), (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, [www.CorvetteCentral.com](http://www.CorvetteCentral.com), (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, [www.CorvetteCollection.com](http://www.CorvetteCollection.com), (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, [www.CorvetteMuseum.org](http://www.CorvetteMuseum.org), (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

*Weather - Come to Panama in February, March, September and October for the least chance of rain, although any month from mid-December to the beginning of May is fairly dry. The Panama Canal Zone has a tropical climate ranging from 75 to 85 degrees Fahrenheit, with high humidity year-round. The Caribbean side of the canal receives twice the amount of rain as Panama City and is infamous for having short, sudden afternoon thunderstorms from April through July.*

Our Panama Canal Cruise on the Carnival Miracle will surely be a truly amazing experience that should not be missed. The Panama Canal is an engineering marvel built from 1903-1914. About 14,000 ships use it every year. The canal is about 48 miles long. It functions as a waterway between North and South America. The canal connects the Atlantic and Pacific Oceans. Before the canal was built, ships had to sail 13,000 miles around the tip of South America and Cape Horn. How do the ships get raised and lowered? The canal has a water lock system that acts like a massive elevator. When ships enter the locks, they're raised by water from the lake. Each lock raises the ships until they're 85 feet above sea level. They then travel across Gatun Lake. The ship is then lowered by the locks to sea level. On average, it takes 8 hours for ships to cross the canal. WOW! Our one-way cruise from Tampa to Long Beach, cruising through all of the canal's impressive locks will allow us to witness - first hand this marvel of modern engineering. The complete journey takes about 8-10 hours in each direction. What a wonderful sight to see!!

*Our cabin allotment above is very limited but can source out any type of cabin for you. Interiors, Spa Balconies, Spa Suites, Ocean View, Grand Suites & more. Please contact us for further help. We can locate that cabin of your dreams!*
