The VP's Column

**The VP's Word
By Kieth**

Hi Gang!

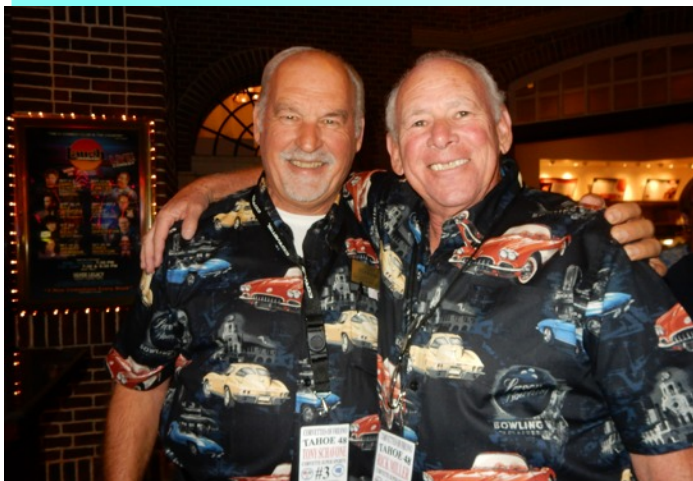

Welcome to my first Newsletter article as your VP. I'm kinda new to the Corvette scene but have been a car guy all my life. I currently have a 2019 Grand Sport M7 convertible, Sebring Orange. I'm looking forward to getting the cars out as well as how we notify the club members. If you don't mind an e-mail now and then I'll be sending out news of upcoming shows, meets and field trips. I know they're on the webpage, but I think we'll get a better response this way. I got a great list from Bob of ideas for getting the cars out and driving. I'll have much more in my next report, but just wanted to introduce myself.

A little about my background, I'm the current American Motorcyclist Association President of the Dualsport/Adventure bike Division for So Cal. I was a National Task Force Leader for the Pediatric Brain Tumor Foundation until Covid. I'm a Trustee at the Garden Grove Elks Lodge where Ann did a fantastic job on our dinner last month. I work as a Reserve Firefighter for Orange County fire and am currently attached to the Air Ops Division at Fullerton airport. We play with helicopters. To pay the bills I run my commercial cleaning company serving CA and NV.

I'll have more thoughts and ideas by the next report, but just wanted to say hi. If you want to say hi or have ideas, please, give me a call or text as I'd much rather talk Corvette than sit at my desk and do office work!

I'll see ya out there!

Who are Bob & JoAnn Mosey?

By Arthur Huhta

Bob and JoAnn Mosey have had several Corvettes. A 1961 black and silver roadster, a 1966 Mosport Green convertible, a '68 International Blue/White (to be restored), '84 T-top black/black, and an '89 T-Top red/ tan inside.

Bob grew up in Indiana and his parents moved the family to California in 1962. After high school, he joined the USAF and was assigned to do mechanical work on cars. While stationed in Utah, he met JoAnn and married her 44 years ago. They have two sons and three granddaughters, all living locally.

Bob has been doing mechanical work since he was 14 years old. His Dad, a skilled mechanic, taught him how to rebuilt motors. That is when he bought a '59 Chevy. JoAnn is not adverse to getting her hands dirty, but has separate hobbies like oil painting, tennis, and crafting.

He is a builder. On the 1966 Corvette, he did a complete off frame restoration...body work, interior work and upholstery. He said, "The most difficult part was the removal of the rear swing arms. The bolts and bushings were so rusted together I had to saw all the bolts on both sides, then press the bolts and bushings out of the swing arms. It took half a dozen saw blades, a lot of skinned knuckles and about five hours of labor." A mechanic rebuilt the motor and a paint shop finished the paint. One and a half years of work have been rewarded with praise. It won first in class at the 2022 Grand National Roadster Show in Pomona with Best Restored Engine and Best Restored Car. He walked away with a \$500 prize. Perhaps you saw it on the CSS New Year 2024 Orange County Day Cruise.

BTW. He owns a 1932 Cadillac Town Sedan. It was restored in 1982 and worn parts need to be rebuilt.

Save the wave, Art

NCCC PRESIDENT's MESSAGE: January 2024

I was sitting back enjoying the quiet holidays and forgot all about doing this email. Thankfully, Walt reminded me! For Florida, it has been cold and rainy the past week or so-some days not getting above 60 degrees! Makes it easy to sit back with a book!

I need to update my congratulations from last month – WE HAVE A TIE for the first time! Dave Buck and Howard Curtis tied for first place. All I can say is that the club ICE from the Indiana Region really cleaned up this year, first place men and club. Congratulations again!!

I had a board meeting at the National Corvette Museum last month. No word on the plant tours yet but I think everyone is hoping they can start again. The Holley Tower at the Motor Sports Park is awesome. It's not quite done, but the first floor and meeting rooms are really nice. You need to check out the shopping! There are some interesting "Dude" candles with barbeque, leather, off road and other scents to pick from. The kitchen in the Kimberlee Fast Pavilion is done so now all food service is available there. The chef at MSP is coordinating with the chef at the Museum since the kitchen at the track is so much bigger. The food they fixed for our breakfast was yummy!

INFORMATION: To make your reservation in our room block for the national meetings, you need to go to our website under meetings where 2024 Sheraton Reservation bullet is. You cannot use the Sheraton regular reservation site on the website to get into our block. ALSO – you need to have your reservation in at least 3 weeks prior to the meeting date. There is also a tab if you need assistance from the Sgt at Arms.

We have some items to tackle at the February meeting- Budget is a big one! At this meeting, the members of various committees are also confirmed. If you would like to be a part of any of the committees, let one of the officers know. It is a great way to find out what we are doing on a national level and how it may affect your Region or Club. For those of you out competing, we need some clarification on how the awards will work since the Speed and Non-Speed events are separate. There won't be overall Champions anymore. This may be incentive for Clubs to add Rallies, Funkhanas and Car shows to their calendars!

The new FCOA Director will be announced at the meeting too. I have to say that I am guilty of not looking at the FCOA section of our website. It is under all the tabs and has lots of stuff for FCOA members. We are hoping to get more FCOA members involved in activities to inspire them to stick around and bring a friend!

It all good! Stay warm!

Where You Can Find Corvette Parts and Merchandise

For those of you who have been into Corvettes for awhile most – or all – of the following will not be news to you, but for you relative newcomers to the love of Vettes this offering is being made to help you find the parts you may need for your classic or the trim add-ons you might want to buy to personalize your Vette or the clothing, gear, etc. you might like to own to show others of your interest in the sport.

It's amazing just how many publications are out there that are dedicated to Corvettes and how helpful many of them can be. Following is a list and quick summary of the more popular catalogs that you might want to look into. Most of them are available for routine periodic mailing if you request it, and most of them have a web site from which you can peruse their offerings. Me, I prefer to receive the catalogs so that I can better see just what's out there I might not have not seen before.

The three largest, most popular catalogs with the most items that are non-"parts" are:

- a. Mid America Motorworks, www.mamotorworks.com, (800) 500-1500;
- b. Eckler's Corvette, www.ecklersCorvette.com, (800) 327-4868;
- c. Corvette America, www.CorvetteAmerica.com, (800) 458-3475.

Those publications periodically also publish catalogs geared specifically for a single generation of Corvettes so when they ask you for the year and model you drive don't be afraid to tell them.

Then there are catalogs that are almost exclusively for parts, especially of older model Corvettes:

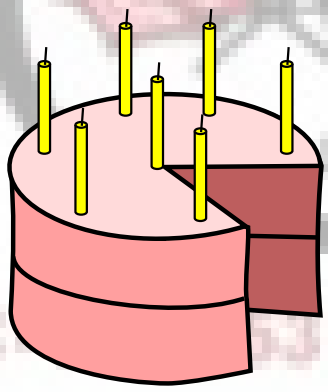

- a. Volunteer Vette Products, www.volvette.com, (865) 521-9100;
- b. J & D Corvette, www.jdcorvette.com, (800) 838-8353 (located locally in Bellflower, CA).

For trim and accessory items as well as clothes, furniture and the like, you should look at:

- a. Corvette Central, www.CorvetteCentral.com, (800) 345-4122. They have an accessories catalog and a separate catalog of parts, etc., for each generation of Corvettes.
- b. Burston Marketing's Corvette Collection, www.CorvetteCollection.com, (800) 653-1375.
- c. And finally, the catalog from the retail store at the National Corvette Museum, www.CorvetteMuseum.org, (800) 538-3883.

In addition to the above, you might also consider visiting the show rooms of Corvette Mike's at 1133 North Tustin Avenue and West Coast Corvettes, 1210 N. Kraemer Blvd., both are located near each other in Anaheim just off the 91 freeway in Anaheim. They have a selection of GM authorized accessories and clothes for sale, as well as an indoor Corvette sales room with used road gems. Both also maintain service departments for installing accessories and the like and for general maintenance of Corvettes. West Coast Corvettes has a new catalog that was just released and is available for pick-up at the store. (Price is pre-printed on each catalog as \$12.95, but don't be fooled, they're free - just ask for one.)

Our Corvette Super Sports Dealer Representative D.J. Martin is retiring after a long career at Connell Chevrolet. The new point person for CSS members is now Tim Connell, Sales Manager. I have known Tim for over 25 years and sat down with him to get some background history on Connell Chevrolet.

Tim is well versed in Corvettes and has participated in the dealer training and Spring Mountain Driving for the C-5, C-6, C-7, & C8's.

The company was founded as Miller / Connell Chevrolet and Oldsmobile in 1959 located in Newport Beach on Pacific Coast Highway. John Connell bought out Miller and moved the dealership to the present location in 1964, and dropped the Oldsmobile line. Tim Connell is a third-generation family member working at the dealership.

Paul Dodridge started working at the dealership in the late 1960's and worked his way up to General Manager. Paul bought out John Connell in the 1990's. Paul passed the torch to his son Wayne, and then to the present Owner Tim Dodridge. Paul and Wayne have retired to Montana.

CSS members get a 10% discount on service and parts, just show the service writer you club card. Should there be any issue, contact Tim Connell. The Service Director is Alan Vondra and the Service Manager is John Calvert.

Please show your support for Connell when you are looking for any new vehicle or service needs, as Connell has provided CSS with their continued support.

FUTURE CORVETTE OWNERS ASSOCIATION

FOUNDED 1992

NATIONAL COUNCIL OF CORVETTE CLUBS

The National Council of Corvette Clubs (NCCC) and its members is not just about those that drive Corvettes, it is about promoting Corvette Ownership in the youngsters in our lives. It might be a child, a grandchild or a niece or nephew. Regardless the situation, share your passion about "America's Sports Car" with them.

One way you can do that is by enrolling them in NCCC's Future Corvette Owners Association (FCOA). This youth program was conceptualized in 1991 and became the official youth program in 1992. The first 76 Members were signed up at the 1991 Convention and currently the membership has exceeded 5,600 members.

FCOA is a very special Corvette Organization just for kids, formed to get the younger generation interested in Corvettes. After all, these kids will make up the next generations of Corvette enthusiasts! These members are the foundation of NCCC's future as they become NCCC members upon turning age 16. NCCC has benefited from having numerous 2nd-generation FCOA members come thru the organization.

FCOA has its own website, www.corvettesnccc.org/fcoa1.html and email FCOADirector@corvettesnccc.org. The program is facilitated and fully supported by the NCCC FCOA Director.
